PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of PDI, Inc., a Delaware corporation (the "Company" or "PDI", "we", "us" or "our"), of proxies in the form enclosed for the Annual Meeting of Stockholders to be held at the Sheraton Crossroads Hotel, One International Boulevard, Mahwah, New Jersey 07495 on June 6, 2006 at 2:00 p.m., Eastern time, and for any adjournments or postponements thereof (the "Annual Meeting"), for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. The Board of Directors knows of no other business which will come before the meeting. This Proxy Statement will be mailed to stockholders on or about May 12, 2006.

Record Date and Quorum

Stockholders of record at the close of business on April 28, 2006 are entitled to notice of and to vote at the Annual Meeting. As of the record date, there were 13,932,434 shares of common stock of the Company outstanding. Each share of common stock outstanding on the record date is entitled to one vote on each matter presented for action at the meeting. Shares of common stock were the only voting securities of the Company outstanding on the record date. A quorum will be present at the Annual Meeting if a majority of the shares of common stock outstanding on the record date are present at the meeting in person or by proxy.

Voting of Proxies

The persons acting as proxies pursuant to the enclosed proxy will vote the shares represented as directed in the signed proxy. Unless otherwise directed in the proxy, the proxyholders will vote the shares represented by the proxy: (i) for election of the three Class II director nominees named in this Proxy Statement; (ii) for ratification of the appointment of Ernst & Young LLP ("E&Y") as independent registered public accounting firm to audit the financial statements of the Company for the fiscal year ending December 31, 2006; and (iii) in the proxyholders' discretion, on any other business that may come properly before the meeting and any adjournments or postponements of the meeting.

All votes will be tabulated by the inspector of elections appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Under the Company's bylaws and Delaware law: (1) shares represented by proxies that reflect abstentions or "broker non-votes" (i.e., shares held by a broker or nominee that are represented at the meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum; (2) there is no cumulative voting, and the director nominees receiving the highest number of votes, up to the number of directors to be elected, are elected and, accordingly, abstentions, broker non-votes and withholding of authority to vote will not affect the election of directors; and (3) proxies that reflect abstentions or non-votes will be treated as unvoted for purposes of determining approval of that proposal and will not be counted as votes for or against that proposal.

Voting Requirements

Election of Directors. The election of directors requires a plurality of the votes cast for the election of directors; accordingly, the directorships to be filled at the Annual Meeting will be filled by the nominees receiving the highest number of votes. In the election of directors, votes may be cast in favor of or withheld with respect to any or all nominees; votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome of the vote.

Ratification of the Appointment of Independent Registered Public Accounting Firm. The affirmative vote of a majority of the votes cast for or against the matter by stockholders entitled to vote at the Annual Meeting is required to ratify the appointment of our independent registered public accounting firm. An abstention from voting on this matter will be treated as “present” for quorum purposes. However, since an abstention is not treated as a “vote” for or against the matter, it will have no effect on the outcome of the vote.

Revocability of Proxy

A stockholder who has signed and returned the enclosed proxy may revoke it at any time before it is voted by (i) submitting to the Company a properly executed proxy bearing a later date, (ii) submitting to the Company a written revocation of the proxy or (iii) voting in person at the Annual Meeting.

Expenses of Solicitation

We will pay the expenses of the preparation of proxy materials and the solicitation of proxies for the Annual Meeting. In addition to the solicitation of proxies by mail, solicitation may be made by certain directors, officers or employees of PDI or by an outside firm telephonically, electronically or by other means of communication. We will reimburse brokers and other nominees for costs incurred by them in mailing proxy materials to beneficial owners in accordance with applicable rules.

PROPOSAL NO. 1 - ELECTION OF DIRECTORS

The Board of Directors currently consists of eight members and is divided into three classes, with three directors in each of Classes I and III and two directors in Class II. There is currently a vacancy in Class II. Directors serve for three-year terms with one class of directors being elected by the Company's stockholders at each annual meeting.

At the Annual Meeting, three Class II directors will be elected to serve until the annual meeting of stockholders in 2009 and until each director's successor is elected and qualified. John Pietruski and Frank Ryan are the nominees for re-election as the Class II directors and Michael Marquard is nominated to fill a Class II vacancy. All of the nominees have been approved, recommended and nominated for election or re-election to the Board of Directors by the Nominating and Corporate Governance Committee (the "Nominating Committee") and by the Board of Directors. The accompanying proxy will be voted for the election of Michael Marquard, John Pietruski and Frank Ryan as directors, unless the proxy contains contrary instructions. Management has no reason to believe that any of Mr. Marquard, Mr. Pietruski or Mr. Ryan will not be a candidate or will be unable to serve. However, in the event that any of the nominees should become unable or unwilling to serve as a director, the proxy will be voted for the election of such person or persons as shall be designated by the Board of Directors.

**The Board of Directors Recommends a
Vote FOR the Election of the Foregoing Nominees and
Proxies That Are Returned Will Be So Voted
Unless Otherwise Instructed.**

Director Independence

Our Board of Directors has determined that Messrs. Pietruski, Ryan, Sullivan, Federspiel, Stover and Dr. Curti are independent within the meaning of the rules of both the Nasdaq Stock Market ("Nasdaq") and the Securities and Exchange Commission ("SEC").

Corporate Governance

Our Guidelines on Corporate Governance, Code of Business Conduct and the charters for each committee of the Board of Directors can be found on our website at www.pdi-inc.com. We believe that we are in compliance with the relevant provisions of the Sarbanes-Oxley Act of 2002 and the corporate governance rules of Nasdaq.

Board of Directors Meetings and Committees

During the year ended December 31, 2005, the Board of Directors held nine meetings, the Audit Committee held 13 meetings, the Compensation and Management Development Committee (the "Compensation Committee") held 11 meetings, and the Nominating Committee held four meetings. Each committee member is a non-employee director of the Company who meets the independence requirements of Nasdaq and applicable law. Each of our incumbent directors attended at least 90% of the total number of Board of Directors meetings and committee meetings on which he or she served during 2005.

We adopted a policy encouraging our directors to attend annual meetings of stockholders and believe that attendance at annual meetings is just as important as attendance at meetings of the Board of Directors. Six of our directors who were serving at the time attended our annual meeting held on June 7, 2005, either in person or telephonically.

Our Board of Directors has three standing committees, each of which is described below.

Audit Committee

The Audit Committee is currently composed of Mr. Stover (chairperson), Mr. Sullivan and Dr. Curti. The primary purposes of our Audit Committee are: (a) to assist the Board of Directors in its oversight of (i) the integrity of our financial statements, (ii) our compliance with legal and regulatory requirements, (iii) our independent registered public accounting firm's qualifications and independence and (iv) the performance of our internal audit function and independent registered public accounting firm; and (b) to prepare any report of the Audit Committee required by the rules and regulations of the SEC for inclusion in our annual proxy statement.

Our Board of Directors and the Nominating Committee have determined that each of the members of our Audit Committee is independent within the meaning of the rules of both Nasdaq and the SEC. No member of the Audit Committee is an officer of the Company or employed or affiliated with E & Y, nor has any member of the Audit Committee been an officer of the Company within the past three years. No member of the Audit Committee has any relationship with the Company that, in the opinion of the Board of Directors, would interfere with his independence from management and the Company. Each member of the Audit Committee is, in the judgment of the Board of Directors and the Nominating and Corporate Governance Committee, financially literate, and at least one member of the Audit Committee has accounting or related financial management experience. The Board of Directors and the Nominating Committee have determined that the chairperson of the Audit Committee, Mr. Stover, is an “audit committee financial expert,” as that term is defined in Item 401(h) of Regulation S-K, and all members of the Audit Committee are “independent” for purposes of Nasdaq listing standards and Section 10A(m)(3) of the Securities Exchange Act of 1934 (the “Exchange Act”).

The Audit Committee and our Board of Directors have established a procedure whereby complaints or concerns with respect to accounting, internal controls and auditing matters may be submitted to the Audit Committee, which is described under “Other Matters — Policies on Reporting of Concerns Regarding Accounting and Other Matters and on Communicating with Non-Management Directors” below.

Our Audit Committee Charter is included as Appendix A to this Proxy Statement. Additionally, it is posted and can be viewed on our website at www.pdi-inc.com.

Compensation and Management Development Committee

The Compensation Committee is currently comprised of Messrs. Ryan (chairperson), Pietruski and Federspiel. Each member of our Compensation Committee is “independent” within the meaning of the rules of Nasdaq and as required by the Compensation Committee Charter. The primary purposes of our Compensation Committee are: (a) to establish and maintain executive compensation policies for the Company consistent with corporate objectives and stockholder interests; (b) to oversee the competency and qualifications of our senior management personnel and the provisions of senior management succession planning; and (c) to prepare a report on executive compensation required by the rules and regulations of the SEC for inclusion in our annual proxy statement. The Compensation Committee also administers our equity compensation plans.

Our Compensation Committee Charter is posted and can be viewed on our website at www.pdi-inc.com.

Nominating and Corporate Governance Committee

The Nominating Committee is currently comprised of Messrs. Pietruski (chairperson), Federspiel and Sullivan and Dr. Curti. Each member of our Nominating Committee is “independent” within the meaning of the rules of Nasdaq and as required by the Nominating Committee charter. The primary purposes of the Nominating Committee are: (a) to select individuals qualified to serve as directors of the Company and on committees of the Board of Directors; (b) to advise the Board of Directors with respect to the board composition, procedures and committees; (c) to advise the Board of Directors with respect to the corporate governance principles applicable to the Company; (d) to advise the Board of Directors with respect to director compensation issues; and (e) to oversee the evaluation of the Board of Directors. In identifying and recommending nominees for positions on the Board of Directors, the Nominating Committee places primary emphasis on (i) a candidate’s judgment, character, expertise, skills and knowledge useful to the oversight of our business; (ii) a candidate’s business or other relevant experience; and (iii) the extent to which the interplay of the candidate’s expertise, skills, knowledge and experience with that of other members of the Board of Directors will build a Board of Directors that is effective, collegial and responsive to our needs.

The Nominating Committee does not set specific, minimum qualifications that nominees must meet in order for the committee to recommend them to the Board of Directors, but rather believes that each nominee should be evaluated based on his or her individual merits, taking into account our needs and the composition of the Board of Directors. Members of the Nominating Committee discuss and evaluate possible candidates in detail, and suggest individuals to explore in more depth. Outside consultants have also been employed to help in identifying candidates. Once a candidate is identified whom the committee wants to seriously consider and move toward nomination, the chairperson of the Nominating Committee enters into a discussion with that nominee. The Nominating Committee will consider nominees recommended by stockholders. The policy adopted by the Nominating Committee provides that nominees recommended by stockholders are given appropriate consideration in the same manner as other nominees. Stockholders who wish to submit nominees for director for consideration by the Nominating Committee for election at our 2007 annual meeting of stockholders may do so by submitting in writing such nominees' names, in compliance with the procedures and along with the other information required by our bylaws, to Kerry Skolkin, Vice President, Associate General Counsel and Corporate Secretary at PDI, Inc., Saddle River Executive Centre, 1 Route 17 South, Saddle River, NJ 07458 between December 1, 2006 and December 22, 2006.

The Company's Nomination Committee Charter is posted and can be viewed on the Company's website at www.pdi-inc.com.

Policies on Reporting of Concerns Regarding Accounting and Other Matters and on Communicating with Non-Management Directors

We have adopted policies on reporting of concerns regarding accounting and other matters and on communicating with our non-management directors. Any person, whether or not an employee, who has a concern about our conduct or the conduct of any of our people, including with respect to our accounting, internal accounting controls or auditing issues, may, in a confidential or anonymous manner, communicate that concern by forwarding it in a sealed envelope to the chairperson of the Audit Committee, in care of our Corporate Secretary at PDI, Inc. Attn: Corporate Secretary, Saddle River Executive Centre, 1 Route 17 South, Saddle River, NJ 07458, such envelope to be labeled with a legend such as: "Anonymous Submission of Complaint or Concern." All communication received will be relayed to the chairperson of each of our Audit Committee and Nominating Committee. The full text of our Policy on Reporting of Concerns Regarding Accounting and Other Matters is posted and can be viewed on our website at www.pdi-inc.com.

Compensation of Directors

Each of our non-employee directors receives an annual director's fee of \$40,000, payable quarterly in arrears. In addition, the chairperson of the Audit Committee, Compensation Committee, and Nominating Committee each receives an additional annual fee of \$25,000, \$10,000 and \$5,000, respectively. Under our stock option plans, each non-employee director is granted options to purchase 10,000 shares upon first being elected to our Board of Directors. Beginning with the 2006 annual meeting of stockholders, each non-employee director will receive \$45,000 in restricted stock that will vest one-third over each of the next three years. Prior to this year, each non-employee director had received options to purchase 7,500 shares of common stock on the date of each annual meeting of stockholders. The shift from options to restricted stock was motivated, in part, to encourage director ownership of shares and to provide alignment between our Board of Directors and management compensation programs.

STOCKHOLDER RETURN PERFORMANCE GRAPH

Set forth below is a line graph comparing the yearly percentage change in the cumulative total stockholder return on the Company's common stock, based on the market price of the Company's common stock, with the total return of companies included within the Nasdaq Stock Market Index for the period

commencing December 31, 2000 and ending December 31, 2005. The calculation of total cumulative return assumes a \$100 investment in the Company's common stock and the Nasdaq Stock Market Index on December 31, 2000, and the reinvestment of all dividends.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than ten percent (10%) of a registered class of our equity securities to file reports of ownership and changes in ownership with the Securities and Exchange Commission ("SEC"). Officers, directors and greater than ten percent (10%) stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

To the best of our knowledge, based solely on review of the copies of such forms furnished to us, or written representations that no other forms were required, we believe that all Section 16(a) filing requirements applicable to ours officers, directors and greater than ten percent (10%) stockholders were complied with during the fiscal year ended 2005 with the following exceptions: (i) Messrs. Cotugno, Saldarini, Tama, Boyle and Budd, Ms. Jacobson and Ms. McCarthy did not timely file one Change in Beneficial Ownership on Form 4 relating to the stock-settled stock appreciation rights (SARS) granted to each of them in March 2005; and (ii) Mr. Stover did not timely file one Change in Beneficial Ownership on Form 4 relating to options granted to him in August 2005.

**PROPOSAL NO. 2 - RATIFICATION OF APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of our Board of Directors has appointed E&Y as our independent registered public accounting firm for the fiscal year ending December 31, 2006. Although stockholder approval is not required, we desire to obtain from the stockholders an indication of their approval or disapproval of the Board of Directors' action in appointing E&Y as the independent registered public accounting firm of the Company and its subsidiaries. If the stockholders do not ratify this appointment, such appointment will be reconsidered by the Audit Committee.

A representative of E&Y will be present at the Annual Meeting and will be afforded an opportunity to make a statement and to respond to questions.

**The Board of Directors Recommends a Vote FOR the Ratification of the
Appointment of Ernst & Young LLP for Fiscal Year 2006 and Proxies That Are
Returned Will Be So Voted Unless Otherwise Instructed.**

On April 18, 2005, the Company dismissed PricewaterhouseCoopers LLP ("PwC") as its independent registered public accounting firm. The decision to dismiss PwC was authorized and approved by the Audit Committee of the Board of Directors.

PwC's reports on the Company's financial statements for the years ended December 31, 2004 and 2003 did not contain any adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

During the years ended December 31, 2004 and 2003 and through April 18, 2005, there have been no disagreements with PwC on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements if not resolved to the satisfaction of PwC would have caused PwC to make reference thereto in connection with its reports on the financial statements for such years.

During the years ended December 31, 2004 and 2003 and through April 18, 2005, there have been no reportable events (as defined in Item 304(a)(1)(v) of Regulation S-K), except that in September 2004, the Company became aware of the applicability of the accounting pronouncement, EITF 01-14, to the Company's financial statements. EITF 01-14 should have been applied to such financial statements beginning with the first quarter of 2002. Due to the non-application of EITF 01-14 since 2002, the Company discovered certain errors in the classification of reimbursable costs in its consolidated statements of operations from 2002 through June 30, 2004.

As a result, the Company determined that a material weakness existed in its financial reporting and disclosure controls regarding the selection and application of generally accepted accounting principles and the preparation of the consolidated financial statements at such time. The Company has since remediated this material weakness and based on criteria established in the framework in *Internal Control - Integrated Framework*, issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria), the Company's management concluded that its internal control over financial reporting was effective as of December 31, 2004. The Audit Committee discussed this matter with PwC and has authorized PwC to respond fully to any inquiries that may be made by the Company's successor independent registered public accounting firm regarding this matter.

On April 18, 2005, with the authorization and approval of the Audit Committee, the Company engaged E&Y as its independent registered public accounting firm to audit the Company's financial statements for the year ended December 31, 2005. During the years ended December 31, 2004 and 2003 and through April 18, 2005, the Company did not consult with E&Y regarding any of the matters or events set forth in Item 304(a)(2)(i) or (ii) of Regulation S-K.

AUDIT COMMITTEE REPORT

Each member of the Audit Committee is "independent" within the meaning of the rules of both Nasdaq and the SEC (including the SEC's additional independence requirements for members of audit committees), as determined by our Board of Directors upon the recommendation of our Nominating Committee. Our Board of Directors has also determined that each member is financially literate and at least one member of the Audit Committee has accounting or related financial management expertise, as such qualifications are defined under the rules of Nasdaq. Mr. Stover is deemed our audit committee financial expert within the meaning of the rules of Nasdaq. The Audit Committee operates pursuant to a written charter that is included as Appendix A to this Proxy Statement and is available on our website at www.pdi-inc.com.

The Audit Committee's primary purposes are: (a) to assist the Board of Directors in its oversight of: (i) the integrity of our financial statements; (ii) the adequacy of our system of internal controls; (iii) our compliance with legal and regulatory requirements; (iii) the qualifications and independence of our independent registered public accounting firm; and (iv) the performance of our internal audit function and the independent registered public accounting firm; and (b) to prepare this report. During fiscal 2005, the Audit Committee held 13 meetings and 10 private sessions with the independent registered public accounting firm.

In performing its oversight role, the Audit Committee has considered and discussed with management and the independent registered public accounting firm our audited financial statements for fiscal 2005, management's assessment of the effectiveness of our internal control over financial reporting and the independent registered public accounting firm's evaluation of management's assessment of the effectiveness of internal control over financial reporting and the effectiveness of our internal control over financial reporting. The Audit Committee has also discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as currently in effect. The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect, and has discussed with the independent registered public accounting firm, such independent registered public accounting firm's independence. All non-audit services performed by the independent registered public accounting firm must be specifically pre-approved by the Audit Committee or a member thereof.

Management is responsible for the preparation, presentation and integrity of our financial statements, accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations, including the effectiveness of internal control over financial reporting. The independent registered public accounting firm is responsible for performing an independent audit of our financial statements, expressing an opinion as to their conformity with generally accepted accounting principles, on management's assessment of the effectiveness of internal control over financial reporting, and on the effectiveness of internal control over financial reporting. The independent registered public accounting firm has free access to the Audit Committee to discuss any matters they deem appropriate.

During fiscal 2005, the Audit Committee performed all of its duties and responsibilities under its charter. In addition, based on the reports and discussions described in this report, the Audit Committee recommended to the Board of Directors that our audited financial statements for fiscal 2005 be included in our Amended Annual Report on Form 10-K/A for such fiscal year.

Audit Committee Matters and Fees Paid to Independent Registered Public Accounting Firm

Under its charter, the Audit Committee must pre-approve all engagements of our independent registered public accounting firm unless an exception to such pre-approval exists under the Exchange Act or the rules of the SEC. Each year, the independent registered public accounting firm's retention to audit our financial statements and permissible non-audit services, including the associated fees, is approved by the Audit Committee before the filing of the preceding year's Annual Report on Form 10-K. At the beginning of the fiscal year, the Audit Committee will evaluate other known potential engagements of the independent registered public accounting firm, in light of the scope of the work proposed to be performed and the proposed fees, and approve or reject each service, taking into account whether the services are permissible under applicable law and the possible impact of each non-audit service on the independent registered public accounting firm's independence. At each subsequent Audit Committee meeting, the Audit Committee will receive updates on the services actually provided by the independent registered public accounting firm, and management may present additional services for approval. Typically, these would be services, such as due diligence for an acquisition, that were not known at the beginning of the year. The Audit Committee has delegated to the chairperson of the Audit Committee the authority to evaluate and approve engagements on behalf of the Audit Committee in the event that a need arises for pre-approval between committee meetings. This might occur, for example, if we proposed to execute a financing on an accelerated timetable. If the chairperson so approves any such engagements, he will report that approval to the full Audit Committee at the next Audit Committee meeting.

Since the May 6, 2003 effective date of the SEC rules stating that an auditor is not independent of an audit client if the services it provides to the client are not appropriately approved, each new engagement of the Company's independent registered public accounting firm was approved in advance by the Audit Committee, and none of those engagements made use of the *de minimis* exception to the pre-approval requirement contained in the SEC's rules.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

	<u>2005</u>	<u>2004</u>
Audit Fees	\$963,342	\$642,620

Tax Fees	-	89,816
All Other Fees	-	1,600
Total Fees	<u>\$963,342</u>	<u>\$909,402</u>

In 2004, the Company retained the services of PwC as its independent registered public accounting firm. In 2005, the Company retained the services of E&Y as its independent registered public accounting firm. The amounts shown for "Audit-related fees" in 2004 were primarily for due diligence work and other acquisition related fees. The amounts shown for "Tax fees" in 2004 were for federal and state tax advice. The amount shown for "All other fees" in 2004 was for an online research tool.

COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE

REPORT ON EXECUTIVE COMPENSATION

The purpose of our executive compensation program is to attract, retain and motivate qualified executives to lead and manage our business in a manner that is strongly aligned with strategic, financial and stock performance goals. In order to enhance the effectiveness of the compensation programs in which our executives participate, the Compensation Committee has engaged and consulted with a nationally recognized human resource consulting firm to assist in the review of our current compensation methods and to make recommendations regarding modification of the compensation elements within the executive compensation program. After careful analysis of our business objectives, our pay-for-performance philosophy, and an examination of the competitive practices among peer organizations, our Board of Directors approved the adoption of a compensation program for officers and key executives that emphasizes short-term and long-term incentives based on performance tied to the success and growth of the Company.

The executive compensation program is made up of a number of key elements which are linked with current and future performance and reflect competitive market practices. These include the executive's annual base salary, an annual cash bonus incentive opportunity and a long-term equity component that provides awards under the PDI, Inc. 2004 Stock Award and Incentive Plan (the "2004 Plan"). An additional element is a deferred compensation plan that allows executives to defer receipt of cash compensation. The Compensation Committee annually considers and makes recommendations to the Board of Directors as to any modifications to these plans. The Compensation Committee also considers and makes recommendations to the Board of Directors as to the appropriate performance measures, targets and types of award payouts.

In addition to our pay for performance philosophy, the Compensation Committee is also committed to a market based pay platform. Our overall compensation programs are regularly assessed against our peer group to ensure that we have competitive pay practices and that they support our talent acquisition strategies. Our peer group is defined as a group of fifteen companies whose profiles align with PDI's profile in terms of revenue and industry. We generally target total compensation to the 50th percentile of our peer group but the program provides the opportunity for significantly higher earnings for superior performance.

Annual Cash Bonus Incentive Program

The Company's officers, executives and senior management are eligible to participate in PDI's annual incentive compensation plan. Under the plan, participants can earn annual cash awards based on our financial and strategic performance, their contributions to the success of their business unit, as well as on their achievement of individual objectives. Annual performance measures and relative targets are determined at the beginning of each fiscal year, based on the business focus and objectives for that year. Each participant's target bonus is expressed as a percentage of his or her base salary. Awards are payable under the plan only if pre-defined threshold performance levels are met. If both Company and individual performance targets are exceeded, a participant may earn awards above target levels, determined by the extent by which the performance exceeds the target. As part of the annual review process in 2005, the cash bonus incentive target percentages for the executives were adjusted downward to align with competitive market data. This reduction in annual incentive opportunity is consistent with our market based pay platform. Under the adjusted targets, it is still possible to have awards exceed targets if overall performance results exceed plan. All awards under the plan are subject to the determination and final approval of the Compensation Committee.

For 2005, our performance did not meet threshold performance levels and as a result, no bonuses were paid under the annual incentive compensation plan. This was consistent with our pay for performance philosophy.

Long-Term Incentive Program

The Company's officers, executives and senior management are eligible to participate in long-term incentive programs administered pursuant to the 2004 Plan. Long-term incentive awards, including stock-based awards such as stock options, SARs, restricted stock and performance contingent shares ("Performance Contingent Shares"), may be granted under the 2004 Plan. In determining individual eligibility for awards, the value of the award, and the type of the incentive, the Compensation Committee considers factors including the overall performance of the Company, the executive's strategic impact, alignment with stockholder interests based on equity ownership of the management team, total stockholder dilution and annual share utilization rates, competitive market practices and the balance with other pay elements. The Compensation Committee believes that long-term incentives, and especially stock-based incentive compensation, enhance the Company's ability to attract and retain high quality talent and provide the motivation to improve the long-term performance of the Company and its subsidiaries.

For fiscal 2005, the Compensation Committee adopted the 2005 LTI Plan pursuant to the 2004 Plan. Awards under the 2005 LTI Plan were made through SARs and Performance Contingent Shares. SARs are generally granted with an exercise price equal to the market value of the common stock on the date of grant, expire five years from the date they are granted, and generally vest over a three-year period. Any Performance Contingent Shares awarded under the 2005 LTI Plan will be issued upon completion of the three year Performance Period. Under the terms of the 2005 LTI Plan, each participant's target award of Performance Contingent Shares could increase by fifty percent (50%) if a pre-determined superior level of achievement is attained as of the end of the Performance Period. The disappointing results in 2005 will make it very difficult to attain the three-year performance targets.

The Compensation Committee has recently considered and has recommended to the Board of Directors a long-term incentive program for fiscal 2006, administered pursuant to the 2004 Plan. This plan includes grants of stock-settled SARs and restricted stock. In making recommendations for grants under this program, the Compensation Committee considered the overall performance of the Company, the performance of the business unit of the Company for which the executive has responsibility, the individual contribution and performance level of the executive, and the need to retain key management personnel.

Deferred Compensation

In order to complement the total compensation package of its key employees and consistent with competitive market practice, in December 1999, the Company adopted the Officer and Director Deferred Compensation Plans, covering officers, selected highly compensated executives and members of the Board of Directors. Subsequently, the Compensation Committee adopted the Senior Management Deferred Compensation Plan, covering selected members of senior management. The purpose of each of the plans is to allow participants to defer receipt of current cash compensation, which would allow them to maximize deferrals that could not otherwise be put into Qualified Plans, such as the Company's 401(k) plan. The plans also allow members of the Board of Directors to defer board fees.

For each year, a participant may make an irrevocable election to defer all or a portion of his or her cash compensation. The Company may, but is not required to, make supplemental contributions, on a totally discretionary basis. The Company has not made any supplemental contributions, nor does it currently have plans to do so in future years. A participant is immediately 100% vested in his or her account with respect to the cash compensation deferred that he or she would have received, had it not been deferred; Company contributions, if any, would vest to the participant over a five- year period. A deferred account is established for each participant in a grantor "rabbi" trust that tracks deferrals and any interest that may be accrued, and is held under a trust established by and between the Company and a named trustee. All funds within a participant's deferred account remain subject to the claims of the creditors of the Company, regardless of vesting, in the event of the Company's bankruptcy or insolvency.

Compensation of the Chief Executive Officer

Mr. Saldarini, the Company's CEO until October 2005, received base salary in the amount of \$385,356 in 2005, which was commensurate with his performance levels and with market data. His overall compensation including base salary, annual incentive, and long-term incentive was reviewed each year and reflected Company performance and individual performance. On October 21, 2005, Mr. Saldarini resigned as the Company's vice chairman and CEO and was paid \$2,352,030 in separation payments in accordance with his contract. See "*Employment Contracts*" for a full discussion of the benefits he received under the terms of his separation.

Mr. Ellberger was appointed to the position of interim CEO in October 2005 and received base salary in the amount of \$113,654 in 2005, which was paid in accordance with his employment agreement of November 2005. This agreement was intended to specify the terms and conditions of Mr. Ellberger's employment as the CAO, his role prior to interim CEO, and provided for an annual base salary of \$300,000. Mr. Ellberger is not eligible to participate in the Company's short or long-term incentive plans. In December 2005, under a separate agreement, Mr. Ellberger was awarded \$100,000 in cash to be paid in January 2006 and 5,000 shares of the Company's common stock in consideration for his becoming interim CEO. The cash payment of \$100,000 was determined by reviewing the previous CEO's base salary and CEO base compensation of the peer group. An annualized base salary of \$400,000 was a competitive salary and commensurate with his additional responsibilities as interim CEO. The stock award of 5,000 shares was in alignment with our philosophy of equity ownership within the management team.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

During 2005, the Compensation Committee consisted of Messrs. Ryan, Pietruski and Federspiel, all of whom are non-employee directors. No member of the Compensation Committee has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

Compliance with Section 162(m) of the Code

Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), generally disallows a tax deduction to public companies for compensation over \$1 million paid to the Company's chief executive officer and the four other most highly compensated executive officers. To the extent that compensation is based upon the attainment of performance goals set by this Compensation Committee pursuant to plans approved by the stockholders, the compensation is not included in the computation of the limit. The Compensation Committee intends, to the extent feasible and where it believes it is in the best interest of the Company and its stockholders, to attempt to qualify executive compensation as tax deductible where it does not adversely affect the Compensation Committee's development and execution of effective compensation plans. The Compensation Committee intends to maintain the flexibility to take actions it considers to be in the best interests of the Company and its stockholders.

(2) Potential realizable values are net of exercise price but before taxes, and are based on the assumption that our common stock appreciates at the annual rate shown (compounded annually) from the date of grant until the expiration date of the options. These numbers are calculated based on SEC requirements and do not reflect our projection or estimate of future stock price growth. Actual gains, if any, on stock option exercises are dependent on our future financial performance, overall market conditions and the option holder's continued employment through the vesting period. This table does not take into account any appreciation in the price of the common stock from the date of grant to the date of this Proxy Statement.

Employment Contracts

The Company has begun phasing-out its use of employment agreements and does not expect to renew any current employment agreements when they are up for renewal under the existing contract terms. Prospectively, in lieu of employment agreements, the Company expects to enter into employment separation agreements with certain key employees.

In January 1998, the Company entered into an agreement with John P. Dugan providing for his appointment as chairman of the Board of Directors and director of strategic planning. The agreement provides for an annual salary of \$150,000.

As part of an employment separation agreement with Mr. Ellberger, the Company modified the expiration date on 32,500 options that had been awarded to Mr. Ellberger while he was a

member of our Board of Directors. The awards were modified to expire three years from his employee termination date. Additionally, Mr. Ellberger was awarded up to 50,000 shares of common stock conditional on the performance of the Company's share price at the end of the performance period, which has been designated as August 15, 2005 through March 31, 2007. The actual award will be determined as follows: 50,000 shares if the price of the Company's common stock is \$36.00 or higher; or 16,780 shares plus 20.78 shares for each cent above a \$20.00 stock price if the price of the Company's common stock is between \$20.00 and \$35.99; or zero shares if the price of the Company's common stock is below \$20.00.

On May 8, 2006, Michael Marquard accepted at-will employment with the Company and was appointed by the Company's Board of Directors as the Company's Chief Executive Officer, effective May 11, 2006. For 2006, Mr. Marquard is guaranteed to receive a minimum of \$160,000 in short term incentive bonus provided he remains employed through December 31, 2006. Further, upon commencement of his employment, Mr. Marquard will receive a one-time \$300,000 initial award under the Company's Long Term Incentive Compensation Plan which will be delivered 50% in SARs vesting ratably over a three-year period and 50% in restricted shares of common stock with three-year cliff vesting. In addition, the Company entered into an Employment Separation Agreement with Mr. Marquard pursuant to which, in exchange for certain covenants not to compete and not to solicit employees or clients as well as a general release, Mr. Marquard shall be entitled to receive a lump-sum payment in the event that his employment is terminated by the Company without cause or by Mr. Marquard for good reason (each as defined in the agreement). If the termination event occurs on or before May 11, 2007, the payment shall be equal to the product of twelve times his current base monthly salary plus any cash incentive compensation paid to him during his employment or any unpaid portion of the guaranteed incentive compensation on a pro rata basis. If the termination event occurs after May 11, 2007, the payment shall be equal to the product of eighteen times his current base monthly salary, plus the average cash incentive compensation paid to him during the most recent three years immediately preceding the termination date for which such incentive compensation was paid, or such shorter period, if applicable.

Stock compensation plans

PDI, Inc. 2004 Stock Award and Incentive Plan

In June 2004, our Board of Directors and our stockholders approved the PDI, Inc. 2004 Stock Award and Incentive Plan (the "2004 Plan"). The 2004 Plan replaced the 2000 Plan (as defined below) and the 1998 Plan (as defined below). The 2004 Plan reserved an additional 893,916 shares for new awards as well as combined the remaining shares available under the 1998 Plan and 2000 Plan. The maximum number of shares as to which awards or options may at any time be granted under the 2004 Plan is approximately 2.9 million shares. Eligible participants under the 2004 Plan include officers and other employees of the Company, members of the Board of Directors and outside consultants, as specified under the 2004 Plan and designated by the Compensation Committee. Unless earlier terminated by action of our Board of Directors, the 2004 Plan will remain in effect until such time as no stock remains available for delivery under the 2004 Plan and the Company has no further rights or obligations under the 2004 Plan with respect to outstanding awards under the 2004 plan. No participant may be granted more than the annual limit of 400,000 shares plus the amount of the participant's unused annual limit relating to share-based awards as of the close of the previous year, subject to adjustment for splits and other extraordinary corporate events.

On March 29, 2005, pursuant to the terms of the 2004 Plan, the Compensation Committee adopted the 2005 LTI Plan, which permitted the issuance of certain equity and equity-based incentive awards. Under the provisions of the 2005 LTI Plan, the Company seeks to provide its eligible employees with equity awards based, in part, upon the attainment of certain financial performance goals during a three year Performance Period. The amount of these long-term incentive awards, which may be earned over the Performance Period, will be based, in part, on the Company's financial performance and the attainment of related individual performance goals during the prior calendar year. To provide each participant with an equity stake in the Company, and the potential to create or increase his or her stock ownership in the Company, awards under the 2005 LTI Plan consisted of SARs and Performance Contingent Shares.

2000 Omnibus Incentive Compensation Plan

In May 2000 our Board of Directors and our stockholders approved the 2000 Omnibus Incentive Compensation Plan (the 2000 Plan). The maximum number of shares as to which awards or options could be granted under the 2000 Plan was 2.2 million shares. Eligible participants under the 2000 Plan included officers and other employees of the Company, members of our Board of Directors and outside consultants, as specified under the 2000 Plan and designated by the Compensation Committee. The right to grant awards under the 2000 Plan was to terminate 10 years after the date the 2000 Plan was adopted. No participant could be granted, in the aggregate, more than 100,000 shares of Company common stock from all awards under the 2000 Plan.

1998 Stock Option Plan

In March 1998, our Board of Directors and our stockholders approved the 1998 Stock Option Plan (the 1998 Plan), which reserved for issuance up to 750,000 shares of our common stock, pursuant to which officers, directors and key employees of the Company and consultants to the Company were eligible to receive incentive and/or non-qualified stock options. The 1998 Plan, which had an initial term of ten years from the date of its adoption, was administered by a committee designated by our Board of Directors. The selection of participants, allotment of shares, determination of price and other conditions relating to the purchase of options was

determined by the committee, in its sole discretion. Incentive stock options granted under the 1998 Plan are exercisable for a period of up to 10 years from the date of grant at an exercise price which is not less than the fair market value of the common stock on the date of the grant, except that the term of an incentive stock option granted under the 1998 Plan to a shareholder owning more than 10% of the outstanding common stock may not exceed five years and its exercise price may not be less than 110% of the fair market value of the common stock on the date of the grant.

The 401(k) Plan is intended to qualify under sections 401(a) and 401(k) of the Code and is a defined contribution plan. Effective January 1, 2004, the 401(k) Plan provided all "Safe Harbor Eligible" 401(k) Plan participants with company matching contributions ("Safe Harbor Matching Contributions") in accordance with the formula described below:

ADDITIONAL INFORMATION

Householding

The SEC's rules permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. Some brokers household proxy materials and annual reports, delivering a single proxy statement and annual report to multiple stockholders sharing an address, although each stockholder will receive a separate proxy card. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If at any time you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker. If you would like to receive a separate copy of this year's Proxy Statement or Annual Report, please contact Stephen P. Cotugno, Executive Vice President - Corporate Development and Investor Relations, PDI, Inc., Saddle River Executive Centre, 1 Route 17 South, Saddle River, New Jersey 07458.

Stockholder proposals submitted more than thirty but less than sixty days before the scheduled date of our 2007 annual meeting may be presented at the annual meeting if such proposal complies with our bylaws, but will not be included in our proxy materials. A stockholder's notice must set forth, as to each proposed matter: (i) as to each person whom the stockholder proposes to nominate for election to the Board of Directors, all information relating to such person that is required to be disclosed in solicitation of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act and Rule 14a-11 thereunder; (ii) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting and, if such business includes a proposal to amend our bylaws, the language of the proposed amendment; (iii) the name and address, as they appear on our books, of the stockholder proposing such business; (iv) the number of shares of Company common stock which are beneficially owned by such stockholder; (v) a representation that the stockholder is a holder of record of shares of the Company's common stock entitled to vote at such annual meeting and intends to appear in person or by proxy at the annual meeting to propose such business; and (vi) any financial interest of the stockholder in such proposal or nomination.

BOARD OF DIRECTORS OF PDI, INC.**

I. PURPOSE OF THE COMMITTEE

The Committee's purpose is to provide assistance to the Board in fulfilling its legal and fiduciary obligations with respect to matters involving the accounting, auditing, financial reporting, internal control and legal compliance functions of PDI, Inc. and its subsidiaries (the "Corporation"), including, without limitation, (a) assisting the Board's oversight of (i) the integrity of the Corporation's financial statements, (ii) the Corporation's compliance with legal and regulatory requirements, (iii) the Corporation's independent auditors' qualifications and independence, and (iv) the performance of the Corporation's independent auditors and the Corporation's internal audit function, and (b) preparing the report required to be prepared by the Committee pursuant to the rules of the Securities and Exchange Commission (the "SEC") for inclusion in the Corporation's annual proxy statement.

II. COMPOSITION OF THE COMMITTEE

The Committee shall be comprised of three or more directors as determined from time to time by resolution of the Board. Each member of the Committee shall be qualified to serve on the Committee pursuant to the requirements of the Nasdaq Stock Market ("Nasdaq") and the Sarbanes-Oxley Act of 2002 (the "Act") and the rules and regulations promulgated by the SEC pursuant to the Act. Director's fees (including any additional amounts paid to chairs of committees and to members of committees of the Board) are the only compensation a member of the Committee may receive from the Corporation; *provided, however*, that a member of the Committee may also receive pension or other forms of deferred compensation from the Corporation for prior service so long as such compensation is not contingent in any way on continued service.

No director may serve as a member of the Committee if such director serves on the audit committee of more than two other public companies, unless the Board determines that such simultaneous service would not impair the ability of such director to effectively serve on the Committee. Any such determination must be disclosed in the Corporation's annual proxy statement.

The chairperson of the Committee shall be designated by the Board, *provided* that if the Board does not so designate a chairperson, the members of the Committee, by a majority vote, may designate a chairperson. Each member of the Committee must be "able to read and understand fundamental financial statements, including a company's balance sheet, income statement and cash flow statement," as such qualification is interpreted by the Board in its business judgment, or must become able to do so within a reasonable period of time after his or her appointment to the Committee. In addition, at least one member of the Committee must have "past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities," as the Board interprets such qualification in its business judgment. Further, either (i) at least one member of the Committee must be an "audit committee financial expert," as such term is defined in the rules and regulations promulgated by the SEC pursuant to the Act, or (ii) if no member of the Committee is a "financial expert," the Committee shall so inform the Corporation.

Any vacancy on the Committee shall be filled by majority vote of the Board at the next meeting of the Board following the occurrence of the vacancy. No member of the Committee shall be removed

except by majority vote of the directors that are independent pursuant to the rules and regulations of Nasdaq and the SEC.

III. MEETINGS OF THE COMMITTEE

The Committee shall meet once every fiscal quarter or more frequently as it shall determine is necessary to carry out its duties and responsibilities. The Committee, in its discretion, may ask members of management or others to attend its meetings (or portions thereof) and to provide pertinent information as necessary. The Committee should meet separately on a periodic basis with (i) management, (ii) the Corporation's internal auditing department or other person responsible for the internal audit function and (iii) the Corporation's independent auditors, in each case to discuss any matters that the Committee or any of the above persons or firms believe should be discussed privately.

A majority of the members of the Committee present in person or by means of a conference telephone or other communications equipment by means of which all persons participating in the meeting can hear each other shall constitute a quorum.

The Committee may form subcommittees for any purpose that the Committee deems appropriate and may delegate to such subcommittees such power and authority as the Committee deems appropriate; *provided, however*, that no subcommittee shall consist of fewer than two members; and *provided further* that the Committee shall not delegate to a subcommittee any power or authority required by any law, regulation or listing standard to be exercised by the Committee as a whole.

The Committee shall maintain minutes of its meetings and records relating to those meetings and provide copies of such minutes to the Board.

IV. DUTIES AND RESPONSIBILITIES OF THE COMMITTEE

In carrying out its duties and responsibilities, the Committee's policies and procedures should remain flexible, so that it may be in a position to best react or respond to changing circumstances or conditions. The following are within the authority of the Committee:

Selection and Evaluation of Auditors
