General Information About the Annual Meeting and Voting

Why are you receiving these proxy materials?

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of PDI, Inc., a Delaware corporation (the “Company”, “PDI”, “we”, “us” or “our”), of proxies in the form enclosed for the Annual Meeting of Stockholders to be held at PDI's corporate headquarters located at Morris Corporate Center One, 300 Interpace Parkway, Building A, Parsippany, New Jersey 07054 on June 4, 2014 at 4:00 p.m., Eastern Daylight time, and for any adjournment or postponement thereof (the “Annual Meeting”), for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. Our Board of Directors knows of no other business which will come before the Annual Meeting. This Proxy Statement will be mailed to stockholders on or about April 29, 2014.

Who is entitled to vote at the Annual Meeting?

Only stockholders of record at the close of business on the record date, April 16, 2014, may vote at the Annual Meeting. There were 15,328,404 shares of our common stock outstanding on April 16, 2014. During the 10 days before the Annual Meeting, you may inspect a list of stockholders eligible to vote. If you would like to inspect the list, please call Patrick Kane, our Vice President and Corporate Controller, at (862) 207-7864 to arrange a visit to our offices for the inspection.

What are the voting rights of the holders of our common stock?

Each outstanding share of our common stock will be entitled to one vote on each matter considered at the Annual Meeting.

How can you vote?

Record Owners

If you are a record holder, meaning your shares are registered in your name, you may vote or submit a proxy:

1. *Over the Internet* - If you have Internet access, you may authorize the voting of your shares by accessing www.voteproxy.com and following the instructions set forth on the enclosed proxy card. You must specify how you want your shares voted or your vote will not be completed and you will receive an error message. Your shares will be voted according to your instructions.

2. *By Telephone* - You may call toll-free 1-800-PROXIES (1-800-776-9437) in the United States, or 1-718-921-8500 from foreign countries from any touch-tone telephone and follow the instructions. You must have your proxy card available when you call, and use the Company Number and Account Number that are shown on your proxy card. Your shares will be voted according to your instructions.

3. *By Mail* - Complete and sign the enclosed proxy card and mail it in the enclosed postage prepaid envelope. Your shares will be voted according to your instructions. If you sign your proxy card but do not specify how you want your shares voted, they will be voted as recommended by our Board of Directors. Unsigned proxy cards will not be voted.

4. *In Person at the Meeting* - If you attend the Annual Meeting, you may deliver a completed and signed proxy card in person or you may vote by completing a ballot, which we will provide to you at the Annual Meeting.

Beneficial Owners and Broker Non-Votes

A significant portion of our stockholders hold their shares in “street name” through a stockbroker, bank, or other nominee, rather than directly in their own names. If you hold your shares in one of these ways, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you by your stockbroker, bank, or other nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your stockbroker, bank, or other nominee on how to vote your shares. If you hold your shares in street name, your stockbroker, bank, or other nominee has enclosed a voting instruction card for you to use in directing your stockbroker, bank, or other nominee in how to vote your shares.

Stockbrokers, banks, or other nominees who hold shares in street name for customers have the discretion to vote those shares with respect to certain matters if they have not received instructions from the beneficial owners. Stockbrokers, banks, or other nominees will have this discretionary authority with respect to routine matters such as the ratification of the appointment of our independent registered public accounting firm. However, stockbrokers, banks or other nominees will not have this discretionary authority with respect to the election of directors or the advisory proposal relating to executive compensation. As a result, if the beneficial owners have not provided voting instructions (commonly referred to as “broker non-votes”) with respect to the election of directors or the advisory proposal relating to executive compensation, those beneficial owners' shares will be included in determining whether a quorum is present, but will not be voted and will be considered to be an abstention, having no effect on the vote for the election of directors. However, inasmuch as a majority of the shares of our common stock represented at the meeting in person or by proxy is required to approve “Proposal No. 2 - Advisory vote on executive compensation”, “Proposal No. 3 - Approval of amendment to our Amended and Restated 2004 Stock Award and Incentive Plan increasing shares authorized by 1,250,000”, and “Proposal No. 4 - Ratification of appointment of our independent registered public accounting”, broker non-votes will have the effect of votes against such proposal.

Can you change your vote or revoke your proxy?

If you have signed and returned the enclosed proxy card, you may revoke it at any time before it is voted by: (i) submitting to us a properly executed proxy bearing a later date; (ii) submitting to us a written revocation of the proxy; or (iii) voting in person at the Annual Meeting.

If you are the beneficial owner of shares held in street name, you must submit new voting instructions to your stockbroker, bank, or other nominee in accordance with the instructions you have received from them.

What is a proxy?

A proxy is a person you appoint to vote on your behalf. By using any of the methods discussed above, you will be appointing as your proxies, Nancy S. Lurker, our Chief Executive Officer, and Jeffrey Smith, our Executive Vice President, Chief Financial Officer and Treasurer. They may act together or individually on your behalf, and will have the authority to appoint a substitute to act as proxy. If you are unable to attend the Annual Meeting, please use the means available to you to vote by proxy so that your shares of common stock may be voted.

How will your proxy vote your shares?

The persons acting as proxies pursuant to the enclosed proxy card will vote the shares represented as directed in the signed proxy card. Unless otherwise directed in the proxy card, the proxy holders will vote the shares represented by the proxy card: (i) FOR the election or re-election of the two Class III director nominees named in this Proxy Statement; (ii) FOR approval of the nonbinding advisory

resolution to approve executive compensation; (iii) FOR approval of an amendment to our Amended and Restated 2004 Stock Award and Incentive Plan increasing the shares authorized for awards thereunder by 1,250,000; (iv) FOR ratification of the appointment of BDO USA, LLP (“BDO”) as the independent registered public accounting firm to audit the financial statements of the Company for the fiscal year ending December 31, 2014; and (v) in the proxy holders' discretion, on any other business that may come properly before the Annual Meeting and any adjournment or postponement thereof.

What constitutes a quorum?

A quorum will be present at the Annual Meeting if holders of a majority of the shares of common stock outstanding on the record date are represented at the Annual Meeting in person or by proxy. A quorum is necessary in order to conduct the Annual Meeting. If you choose to have your shares represented by proxy at the Annual Meeting, you will be considered part of the quorum. Broker non-votes and abstentions will be counted as present for the purpose of establishing a quorum. If a quorum is not present at the Annual Meeting, the stockholders present in person or by proxy may adjourn the meeting to a date when a quorum is present. If an adjournment is for more than 30 days or a new record date is fixed for the adjourned meeting, we will provide notice of the adjourned meeting to each stockholder of record entitled to vote at the Annual Meeting.

What vote is required to approve each matter and how are votes counted?

Proposal No. 1: Election of Two Class III directors. The election of directors requires a plurality of the votes of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote. Accordingly, the directorships to be filled at the Annual Meeting will be filled by the nominees receiving the highest number of votes cast. In the election of directors, votes may be cast in favor of or withheld with respect to any or all nominees; votes that are withheld and broker non-votes will be excluded entirely from the vote and will have no effect on the outcome of the vote.

Proposal No. 2: Nonbinding Advisory Vote on Resolution to Approve Executive Compensation. The affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote is required to approve this proposal. A properly executed proxy card marked ABSTAIN with respect to this proposal will not be voted and will have the same effect as a vote against the proposal. In addition, broker non-votes will be excluded entirely from the vote and will, therefore, have the same effect as a vote against the proposal.

Proposal No. 3: Approval of amendment to our Amended and Restated 2004 Stock Award and Incentive Plan increasing shares authorized by 1,250,000. The affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote is required to approve an amendment to our Amended and Restated 2004 Stock Award and Incentive Plan increasing the shares authorized for awards thereunder by 1,250,000. A properly executed proxy card marked ABSTAIN with respect to this proposal will not be voted and will have the same effect as a vote against the proposal. In addition, broker non-votes will be excluded entirely from the vote and will, therefore, have the same effect as a vote against the proposal.

Proposal No. 4: Ratification of Appointment of our Independent Registered Public Accounting Firm. The affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote is required to ratify the appointment of our independent registered public accounting firm. A properly executed proxy card marked ABSTAIN with respect to this proposal will not be voted and will have the same effect as a vote against the proposal. In addition, broker non-votes will be excluded entirely from the vote and will, therefore, have the same effect as a vote against the proposal.

Why are you being asked to ratify the appointment of BDO?

Although stockholder approval of the Audit Committee's selection of BDO as our independent registered public accounting firm is not required, we believe that it is advisable to give stockholders an opportunity to ratify this selection. If this proposal is not approved at the Annual Meeting, the Audit Committee has agreed to reconsider its selection of BDO, but will not be required to take any action.

Are there other matters to be voted on at the Annual Meeting?

We do not know of any other matters that may come before the Annual Meeting other than the election of the Class III directors, the say-on-pay advisory vote on approval of our executive compensation, approval of an amendment to our Amended and Restated 2004 Stock Award and Incentive Plan increasing the shares authorized for awards thereunder by 1,250,000 and the ratification of the appointment of our independent registered public accounting firm. If any other matters are properly presented to the Annual Meeting, the persons named as proxies in the accompanying proxy card intend to vote or otherwise act in accordance with their judgment on the matter.

Where can you find the voting results?

Voting results will be reported in a current report on Form 8-K, which we will file with the Securities and Exchange Commission (the "SEC") within three business days following the Annual Meeting.

Who is soliciting proxies, how are they being solicited, and who pays the cost?

The solicitation of proxies is being made on behalf of our Board of Directors and we will pay the expenses of the preparation of proxy materials and the solicitation of proxies for the Annual Meeting. In addition to the solicitation of proxies by mail, solicitation may be made by certain of our directors, officers or employees who will not receive additional compensation for those services, or by an outside firm, telephonically, electronically or by other means of communication. We will reimburse brokers and other nominees for costs incurred by them in mailing proxy materials to beneficial owners in accordance with applicable rules.

Who is our independent registered public accounting firm, and will they be represented at the Annual Meeting?

BDO served as our independent registered public accounting firm for the fiscal year ended December 31, 2013 and audited our financial statements for such year. We expect that one or more representatives of BDO will be present at the Annual Meeting. They will have an opportunity to make a statement, if they desire, and will be available to answer appropriate questions after the Annual Meeting.

How may you obtain additional copies of our Annual Report on Form 10-K or this Proxy Statement?

You may request a copy of our annual report on Form 10-K for the year ended December 31, 2013 or this Proxy Statement to be sent to you for no charge, by writing to PDI, Inc., Attn: Corporate Controller, Morris Corporate Center One, 300 Interpace Parkway, Building A, Parsippany, NJ 07054.

PROPOSAL NO. 1 - ELECTION OF DIRECTORS

The Board of Directors currently consists of seven members and is divided into three classes, with two directors in Class I, two directors in Class II, and three directors in Class III. Directors serve for three-year terms with one class of directors being elected by the Company's stockholders at each annual meeting. One Class III director, Veronica A. Lubatkin, has notified the Board that she will not stand for reelection at the 2014 Annual Meeting. As a result, the Board will reduce to six directors at the Annual Meeting, and Class III will have two members from that date forward.

At the Annual Meeting, two Class III directors will be elected to serve until the annual meeting of stockholders in 2017 and until the director's successor is elected and qualified. Jack E. Stover and John M. Climaco are the nominees for election or re-election as Class III directors. The nominees have been approved, recommended and nominated for election or re-election to the Board of Directors by the Nominating and Corporate Governance Committee (the "Nominating Committee") and by the Board of Directors. The accompanying proxy will be voted for the election of Jack E. Stover and John M. Climaco as directors, unless the proxy contains instructions otherwise. Management has no reason to believe that Mr. Stover and Mr. Climaco will not stand for election or re-election or will be unable to serve. However, in the event that either of the nominees should become unable or unwilling to serve as a director, the proxy will be voted for the election of such person or persons as shall be designated by the Board of Directors.

This structure provides more direct independent oversight of the Company and active participation of our independent directors in setting agendas and establishing policies and procedures of our Board of Directors. Further, this structure permits our Chief Executive Officer to focus on the management of our Company's day to day operations.

The Board does not have a policy on whether or not the roles of Chief Executive Officer and Chairman of the Board should be separate. The Board believes that it should be free to make a choice from time to time in any manner that is in the best interests of the Company and its stockholders.

Board of Directors Meetings and Committees

During the year ended December 31, 2013, the Board of Directors held 8 meetings, the Audit Committee held 6 meetings, the Compensation Committee held 7 meetings, and the Nominating Committee held 5 meetings. Each committee member is a non-employee director of the Company who meets the independence requirements of NASDAQ and applicable law. Each of our incumbent directors attended at least 75% of the total number of Board of Directors meetings and committee meetings on which he or she served during 2013. We have adopted a policy encouraging our directors to attend annual meetings of stockholders. All of our directors attended our annual stockholders' meeting held on June 4, 2013. Our Board of Directors has three standing committees, each of which is described below.

Audit Committee

The Audit Committee is currently comprised of Mr. Stover (chairperson), Mr. Belle, and Ms. Lubatkin. Ms. Lubatkin's tenure will end at the Annual Meeting when she will not stand for reelection. The primary purposes of our Audit Committee are to assist the Board of Directors in fulfilling its legal and fiduciary obligations with respect to matters involving the accounting, auditing, financial reporting, internal control, legal compliance and risk management functions of the Company, including, without limitation, assisting the Board's oversight of: (i) the integrity of our financial statements; (ii) the effectiveness of our internal control over financial reporting; (iii) our compliance with legal and regulatory requirements; (iv) the qualifications and independence of our independent registered public accounting firm; and (v) the performance of our internal audit function and independent registered public accounting firm. The Audit Committee is also responsible for preparing the report of the Audit Committee required by the rules and regulations of the SEC for inclusion in our annual proxy statement.

Our Board of Directors has determined that each member of our Audit Committee is independent within the meaning of the rules of NASDAQ and as required by the Audit Committee charter. Our Board of Directors has determined that the chairperson of the Audit Committee, Mr. Stover, is an "audit committee financial expert," as that term is defined in Item 407(d) of Regulation S-K under the Exchange Act.

The Audit Committee and our Board of Directors have established a procedure whereby complaints or concerns with respect to accounting, internal controls and auditing matters may be submitted to the Audit Committee, which is described in the section of this Proxy Statement entitled

“Policies on Communicating with our Board of Directors and Reporting of Concerns Regarding Accounting or Auditing Matters.”

Our Audit Committee Charter is posted and can be viewed in the “Investor Relations” section of our website at www.pdi-inc.com.

Compensation and Management Development Committee

The Compensation Committee is currently comprised of Messrs. Sullivan (chairperson), Federspiel, Mr. Climaco and Ms. Lubatkin. Mr. Climaco was appointed to the Compensation Committee effective March 20, 2014. Ms. Lubatkin’s tenure will end at the Annual Meeting when she will not stand for reelection. Each member of our Compensation Committee is “independent” within the meaning of the rules of NASDAQ and as required by the Compensation Committee charter. The primary purposes of our Compensation Committee are: (i) to establish and maintain executive compensation policies for the Company consistent with corporate objectives and stockholder interests; (ii) to oversee the competency and qualifications of our senior management personnel and the provisions of senior management succession planning; and (iii) to advise the Board of Directors with respect to director compensation issues. The Compensation Committee also administers our equity compensation plans.

The Compensation Committee provides overall guidance for our executive compensation policies and determines the value and elements of compensation for our executive officers, except for our Chief Executive Officer, whose compensation is approved by disinterested members of our full Board of Directors. In making its determinations with respect to executive compensation, the Compensation Committee retained the services of an independent compensation consultant, Buck Consultants, LLC, to assist with the design of our executive compensation and short and long term incentive programs. Buck Consultants, LLC does not provide any services to PDI other than executive compensation and short and long term incentive programs. We believe that the use of an independent compensation consultant provides additional expertise to help us structure our executive compensation arrangements in a manner that is reasonable and consistent with our objectives, and is in alignment with survey data we use for benchmarking purposes and external market trends.

Our Compensation Committee Charter is posted and can be viewed in the “Investor Relations” section of our website at www.pdi-inc.com.

Nominating and Corporate Governance Committee

The Nominating Committee is currently comprised of Messrs. Federspiel (chairperson), Belle and Sullivan. Each member of our Nominating Committee is “independent” within the meaning of the rules of NASDAQ and as required by the Nominating Committee charter. The primary purposes of the Nominating Committee are: (i) to recommend to the Board the nomination of individuals who are qualified to serve as directors of the Company and on committees of the Board of Directors; (ii) to advise the Board of Directors with respect to the composition, size, structure and procedures of the Board; (iii) to advise the Board of Directors with respect to the composition, size and membership of the Board's committees; (iv) to advise the Board of Directors with respect to corporate governance principles applicable to the Company; and (v) to oversee the evaluation of the Board of Directors as a whole and the evaluation of its individual members standing for re-election. The Nominating Committee also has responsibility for reviewing and approving all transactions that are “related party” transactions under SEC rules.

The Nominating Committee does not set specific, minimum qualifications that nominees for director must meet in order for the Nominating Committee to recommend them to the Board of Directors, but rather believes that each nominee should be evaluated based on his or her individual merits, taking into account our needs and the composition of the Board of Directors. Members of the Nominating

Committee discuss and evaluate possible candidates in detail, and suggest individuals to explore in more depth. Outside consultants have also been employed from time to time to help identify candidates. Once a candidate is identified whom the Nominating Committee wants to seriously consider and move toward nomination, the chairperson of the Nominating Committee enters into a discussion with that nominee candidate. Subsequently, the chairperson will discuss the qualifications of the candidate with the other members of the Nominating Committee, and the Nominating Committee will then make a final recommendation with respect to that candidate to the Board of Directors.

The Nominating Committee considers many factors when determining the eligibility of candidates for nomination as directors. The Nominating Committee does not have a diversity policy; however, its goal is to nominate candidates from a broad range of experiences and backgrounds who can contribute to the Board of Director's deliberations by reflecting a range of perspectives, thereby increasing its overall effectiveness. In identifying and recommending nominees for positions on the Board of Directors, the Nominating Committee places primary emphasis on: (i) a candidate's judgment, character, expertise, skills and knowledge useful to the oversight of our business; (ii) a candidate's business or other relevant experience; and (iii) the extent to which the interplay of the candidate's expertise, skills, knowledge and experience with that of other members of the Board of Directors will build a Board of Directors that is effective, collegial and responsive to our needs. The Nominating Committee will consider nominees recommended by stockholders, based on the same criteria described above, provided such nominations comply with the applicable provisions of our Bylaws and the procedures to be followed in submitting proposals. Stockholders who wish to submit nominees for director for consideration by the Nominating Committee may do so by submitting in writing such nominees' names and qualifications to PDI, Inc., Attn: Corporate Controller, Morris Corporate Center One, 300 Interpace Parkway, Building A, Parsippany, NJ 07054. See "Stockholder Proposals for the 2014 Annual Meeting" for the procedures to be followed by stockholders in submitting proposals, including recommendations for director nominees, to be included in our proxy statement relating to the 2014 annual meeting of stockholders.

Our Nominating Committee Charter is posted and can be viewed in the "Investor Relations" section of our website at www.pdi-inc.com.

Compensation Committee Interlocks and Insider Participation in Compensation Decisions

During 2013, the Compensation Committee consisted of Messr. Sullivan, Messr. Federspiel and Ms. Lubatkin. No member of the Compensation Committee has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

Policies on Communicating with our Board of Directors and Reporting of Concerns Regarding Accounting or Auditing Matters

Stockholders may contact an individual director, a committee of our Board of Directors or our Board of Directors as a group. The name of any specific intended director recipient (or recipients) should be noted in the communication. Our Corporate Controller will forward such correspondence only to the intended recipients. Prior to forwarding any correspondence, however, the Corporate Controller will review the correspondence and will not forward any communications deemed to be of a commercial or frivolous nature or otherwise inappropriate for our Board of Directors' consideration. In such cases, that correspondence may be forwarded elsewhere in the Company for review and possible response.

Any person who has a concern regarding accounting, internal accounting controls or auditing matters may, in a confidential or anonymous manner, communicate that concern in either of the following manners: (1) by utilizing our Ethics Hotline to report such concerns via a confidential and secure Internet and telephone based reporting system administered by an external vendor, which may be accessed via the

Internet at www.guideline.lrn.com or toll-free by telephone at 1-888-577-9483; or (2) by setting forth such concerns in writing and forwarding them in a sealed envelope to the Chairperson of the Audit Committee, PDI, Inc., Morris Corporate Center One, 300 Interpace Parkway, Building A, Parsippany, NJ 07054, such envelope to be labeled with a legend such as: "Anonymous Submission of Complaint or Concern."

All communications received through the Ethics Hotline, including concerns about accounting or auditing matters, will be forwarded to the chairperson of our Audit Committee. Additional information on how to access our Ethics Hotline is posted and can be viewed in the "Investor Relations" section of our website at www.pdi-inc.com.

Narrative Disclosure to Summary Compensation Table

Base Salary

Base salaries are set with regard to the level of the executive officer's position within the Company and the individual's current and historical performance. The base salary levels and any changes to those levels for each executive are reviewed each year by the Compensation Committee (and in the case of the Chief Executive Officer, by the full Board of Directors), and adjustments may be based on factors such as new roles and/or responsibilities assumed by the executive and the executive's impact on our strategic goals and financial performance. While our executives' base salaries are generally targeted to be consistent with median base salaries for similar positions based on competitive market data, there is no specific weighting applied to any one factor in setting the level of salary, and the process ultimately relies on the evaluation of various factors considered by the Compensation Committee with respect to each named executive officer (and the full Board of Directors, in the case of the Chief Executive Officer). The Compensation Committee also takes into account additional factors such as historical compensation and the individual's potential to be a key contributor as well as special recruiting and retention situations.

Annual Cash Incentives

The annual cash incentive program provides our executive officers with an opportunity to receive a cash award at the discretion of the Compensation Committee (and the full Board of Directors as to the Chief Executive Officer). Annual cash incentive targets and performance metrics are usually determined by the Compensation Committee (and the full Board of Directors, as to the Chief Executive Officer) during the first quarter of each fiscal year, based on information provided by the Compensation Committee's compensation consultant with respect to competitive market data.

The amounts awarded to each named executive officer for 2013 performance under PDI's 2013 annual cash incentive program were formula driven based on goals approved by the Compensation Committee (and the full Board of Directors in the case of our Chief Executive Officer). The factors which the Compensation Committee and the Board of Directors considered included, among other things: (i) the financial performance of the Company as a whole; (ii) the financial performance of individual business units; (iii) progress towards the Company's strategic objectives; and (iv) the individual performance of each executive.

Long-Term Equity Incentives

Our executives are also eligible to participate in a long-term equity incentive program each year, which is administered under our Amended and Restated 2004 Stock Incentive Plan. The long-term equity incentive component of our compensation program is used to promote alignment with stockholders and to balance the short-term focus of the annual cash incentive component by linking a substantial part of compensation to our long-term stockholder returns. The Compensation Committee believes that long-term stock-based compensation enhances our ability to attract and retain high quality talent and provides the motivation to improve our long-term financial performance and increase stockholder value.

Sign-On Bonuses

Sign-on bonuses may be granted from time to time at the discretion of our Compensation Committee in connection with new hires at the executive officer level. There were no sign-on bonuses for any named executive officer in 2013.

Perquisites

As a matter of practice, we provide only limited perquisites to our executive officers that are not generally provided to all employees. Executives are eligible for the standard benefits and programs generally available to all of our employees. The value of special perquisites, as well as additional benefits that are available generally to all of our employees, that were provided to each named executive officer in 2013 are set forth in footnote 4 to the Summary Compensation Table.

Deferred Compensation Plan

We allow our executives and directors to elect to defer receipt of cash compensation through participation in the Executive Deferred Compensation Plan. The purpose of this plan is to allow participants to defer receipt of current cash compensation (base salary and annual cash incentives, or annual cash retainers in the case of directors) that could not otherwise be contributed to the participant's 401(k) account due to federally-imposed limits. In 2013, none of our named executive officers' and directors made any voluntary contributions to this plan.

Stock Ownership Guidelines

We have had stock ownership guidelines in effect since February 2007, with respect to the accumulation and retention of shares of our common stock delivered through our executive and director compensation plans. Our executive officers and directors are required to retain at least 50% of net shares delivered through such plans. Net shares refer to those that remain after shares are sold or forfeited to pay the exercise price of stock options and/or withholding taxes for stock options, SARs, restricted stock and RSUs. These shares must be retained until the earliest of: (1) three years from the date of exercise or settlement; (2) retirement; or (3) termination of employment. If an executive does not comply with these ownership guidelines, the Compensation Committee may award reduced levels of annual and/or long-term incentive compensation. All of our executive officers and non-employee directors were in compliance with these guidelines as of December 31, 2013.

The stock ownership guidelines have been modified, effective March 1, 2014. Under the new guidelines each executive officer and director is expected to acquire, and continue to hold during the term of his or her employment or engagement with the Company, ownership of stock having a value equal to a multiple of his or her annual base salary (or in the case of nonemployee directors, their annual director's fees), depending on his or her title, as indicated in the table below, by the later of March 1, 2019 or five years from the first annual award of common stock. In addition, our executive officers and directors must continue to retain at least 50% of the net shares delivered through our equity compensation plans until the applicable salary or fee multiple has been achieved.

<i>Title</i>	<i>Annual Base Salary Multiple</i>
<i>CEO</i>	<i>3x</i>
<i>CFO</i>	<i>3x</i>
<i>President, Sales Services</i>	<i>2x</i>
<i>Other Executive Officers</i>	<i>1x</i>
	<i>Annual Fee Multiple</i>
<i>Member of the Board of Directors</i>	<i>3x</i>

If at the later of March 1, 2019 or five years from the first annual award of common stock an executive officer or director has not met the stock ownership requirements, then, until the executive officer or director meets the stock ownership requirements, each executive officer and director must retain 100% of the net shares delivered through executive compensation plans. If an executive officer or director does not comply with the stock ownership guidelines, the Compensation and Management Development Committee may exercise its discretion to reduce future long-term incentive grants and/or make payments of future short-term incentive compensation (annual cash incentives) in the form of restricted common stock.

Compensation Features Intended to Prevent Excessive Risk Taking

The Company believes that its compensation policies and practices for all employees, including executive officers, do not create risks that are reasonably likely to have a material adverse effect on the Company. In particular, the Company believes that the following factors help mitigate against any such risks: (a) annual cash incentive compensation and long-term equity incentive compensation are based on a mix of overall Company performance, business unit performance and individual performance; (b) the annual cash incentive compensation plan for executives and non-commissioned employees is based on a fixed formula that measures performance against budget and the achievement of specific strategic milestones; (c) the annual cash incentive compensation plan has no minimum funding levels, such that employees will not receive any rewards if satisfactory financial performance is not achieved by the Company; (d) equity incentives are awarded with either staggered or cliff vesting over several years, so as to promote long-term rather than short-term financial performance and encourage employees to focus on sustained stock price appreciation; (e) stock ownership guidelines which require retention of shares issued under executive compensation plans; and (f) base salaries are consistent with employees' responsibilities and market practices so that they are not motivated to take excessive risks to achieve a reasonable level of financial security.

Potential Payments upon Termination or Change in Control

The following table reflects the estimated amount of compensation that would be payable to each of our 2013 named executive officers upon termination of such executive's employment in accordance with their respective employment separation agreements and restricted stock grant agreements or in the event of a change of control of the Company. The term "change of control" generally means any transaction which results in the stockholders of the Company immediately prior to such transaction owning less than 51% of the surviving corporation or any acquisition of all or substantially all of the assets of the Company. In general: (i) non-performance based SARs vest upon a change of control; (ii) RSUs vest upon a change of control; and (iii) restricted stock vests upon a change of control. The amounts shown assume that such termination was effective as of December 31, 2013, and are estimates of the amounts which would be paid out to the executives upon their termination. The actual amounts to be paid out can only be determined at the time of such executive's separation from the Company.

Jeffrey Smith	—	—	431,712	431,712
Gerald R. Melillo, Jr.	—	—	117,479	117,479

(1) These amounts are based on the value of restricted shares of common stock and RSUs held at December 31, 2013 that would become immediately vested upon retirement or a change of control pursuant to the applicable restricted stock grant agreement. Non-performance based SARS that would become immediately vested upon a change in control pursuant to the Amended and Restated 2004 Stock Award and Incentive Plan were not included as they were all underwater as of December 31, 2013.

The amounts shown in the table above do not include payments and benefits to the extent they are provided on a non-discriminatory basis to salaried employees generally upon termination, including accrued vacation pay, distributions of plan balances under the 401(k) plan and payments of amounts under disability insurance policies.

Below is a summary of all employment separation agreements that were in effect during all or a portion of 2013 for our named executive officers.

Employment Arrangements

Nancy S. Lurker - Chief Executive Officer

Ms. Lurker's employment with the Company is "at will." However, certain terms of Ms. Lurker's employment with the Company related to her compensation, health and welfare benefits, perquisites and benefits upon termination are set forth in a Term Sheet dated October 27, 2008 as amended March 7, 2011 (the "Amended Term Sheet"). The Amended Term Sheet provides for an annual base salary of \$566,500, with eligibility for annual incentive awards payable in cash up to a maximum of 75% of the amount of base salary, based on achievement of established performance metrics. The Amended Term Sheet provides that Ms. Lurker is entitled to participate in long-term equity incentive awards plans, pursuant to which she is eligible to receive grants of RSUs and SARs with an aggregate grant date value of up to \$700,000. All long-term incentive awards will immediately vest upon the occurrence of a change in control, except that certain awards granted will vest according to a schedule based on the amount of the

consideration paid to the Company's stockholders in the change of control transaction. Ms. Lurker is entitled to an annual allowance of \$15,000 for financial planning services. Payments and benefits to Ms. Lurker upon the termination of her employment with the Company are contained in her employment separation agreement, discussed below.

Under Ms. Lurker's employment separation agreement, in consideration for her employment with the Company and certain covenants not to compete and not to solicit the Company's employees or clients for a period of up to 24 months after termination of employment, and subject to a general release of claims against the Company, Ms. Lurker is entitled to receive the following benefits if she is terminated without Cause (as defined below) or if she resigns for Good Reason (as defined below) or if her employment is terminated in connection with a change of control:

- A payment equal to the product of twenty-four (24) times her then current monthly base salary;
- A payment equal to the average of the annual amounts paid to her under any cash-based incentive or bonus plan in which she participates with respect to the last three (3) full fiscal years of her participation in such plan prior to the date of her termination (or, if her participation in such plan is less than three full fiscal years, such shorter number of full fiscal years of participation at the date of termination); and
- Reimbursement for the cost of the premiums for COBRA group health continuation coverage for up to 24 months.

In addition, upon the occurrence of a change of control: (a) the time based vesting conditions applicable to each of Ms. Lurker's performance based SARs shall be deemed to have been fully attained as of the date of such change of control; and (b) the stock price based performance conditions of such SARs shall be deemed to have been achieved if, as of the date of such change in control, the fair market value of a share of common stock of PDI exceeds the per share dollar threshold amount of the stock-based performance condition (without regard to whether the average Company stock price during 60 consecutive trading days exceeds the applicable stock price goal).

“Cause” generally means: (1) Ms. Lurker's failure to use her best efforts to achieve her goals; (2) Ms. Lurker's failure to comply with the reasonable instructions of our Board of Directors; (3) a material breach by Ms. Lurker of the terms of her confidentiality, non-solicitation and covenant not to compete agreement; (4) Ms. Lurker's failure to adhere to our documented policies and procedures; (5) Ms. Lurker's failure to adhere to moral and ethical business principles; (6) Ms. Lurker's conviction of a criminal offense; (7) any documented act of material dishonesty or fraud by Ms. Lurker in the commission of her duties; or (8) misconduct by Ms. Lurker that results in a misstatement of our financial statements due to material non-compliance with financial reporting requirements under Section 304 of the Sarbanes-Oxley Act of 2002.

“Good Reason” generally means: (1) the failure to pay Ms. Lurker any material amount of compensation that is due and payable; (2) a material reduction in Ms. Lurker's annual base salary; (3) the relocation of Ms. Lurker's principal place of employment to a location more than 50 miles from Ms. Lurker's current principal place of employment; (4) a material adverse alteration of Ms. Lurker's duties and responsibilities; (5) an intentional, material reduction of Ms. Lurker's aggregate target incentive awards under any incentive plans; or (6) in connection with a change in control, the material failure to maintain Ms. Lurker's relative level of coverage under its employee benefit plans.

Jeffrey Smith - Executive Vice President, Chief Financial Officer and Treasurer

Under Mr. Smith's employment separation agreement, in consideration of certain covenants not to compete and not to solicit employees or clients for a period of up to 18 months after termination of employment, as well as a general release of claims against the Company, Mr. Smith is entitled to receive the following benefits if he is terminated without Cause (as defined below) or if he resigns with Good Reason (as defined below):

- A payment equal to the product of 18 times his then current monthly base salary;
- A payment equal to the average cash incentive compensation paid to him based on the three most recent years; and
- Continued participation in our health and welfare programs, at our expense, for 12 months.

For purposes of Mr. Smith's agreement:

“Cause” generally means: (1) Mr. Smith's failure to satisfactorily perform duties despite adequate warnings; (2) Mr. Smith's failure to adhere to generally accepted standards of conduct in the workplace, our policies and procedures or moral and ethical business principles; or (3) Mr. Smith's conviction of a crime or any other act of dishonesty in commission of his duties.

“Good Reason” generally means: (1) a substantial adverse change in Mr. Smith's title or responsibilities; (2) a reduction in Mr. Smith's base salary; (3) modification of Mr. Smith's overall compensation plan resulting in the material reduction of his earning potential; or (4) a relocation of our principal place of business more than 50 miles from Mr. Smith's residence.

Gerald R. Melillo, Jr. - President of Sales Services

Under Mr. Melillo's employment separation agreement, in consideration of certain covenants not to compete and not to solicit employees or clients for a period of 12 months after termination of employment, as well as a general release of claims against the Company, Mr. Melillo is entitled to receive the following benefits if he is terminated without Cause (as defined below) or if he resigns with Good Reason (as defined below):

- A payment equal to the product of 12 times his then current monthly base salary;
- A payment equal to the average cash incentive compensation paid to him during the three most recent years; and
- Reimbursement for the cost of the premiums for COBRA group health continuation coverage for up to 12 months.

For purposes of Mr. Melillo's agreement:

“Cause” generally means: (1) Mr. Melillo's failure to use his best efforts to achieve his goals; (2) Mr. Melillo's failure to comply with the reasonable instructions of our CEO and/or the Company's Board of Directors; (3) Mr. Melillo's failure to adhere to our documented policies and procedures; (4) Mr. Melillo's failure to adhere to any confidentiality, non-solicitation and/or noncompete obligations in effect; (5) Mr. Melillo's failure to adhere to moral and ethical business principles consistent with our Code of Business Conduct and Guidelines on Corporate Governance; (6) Mr. Melillo's conviction of any criminal offense; (7) any documented act of material dishonesty or fraud by Mr. Melillo; or (8) if Mr. Melillo engages in acts constituting misconduct resulting in a misstatement of the Company's financial statements due to material non-compliance with any financial reporting requirement under The Sarbanes-Oxley Act of 2002.

“Good Reason” generally means, prior to a change in control: (1) failure by the Company to pay any material amount of base salary or other deferred compensation when due and payable; (2) a material

reduction in Mr. Melillo's base salary; (3) a relocation of our principal place of employment more than 50 miles from our current principal place of employment; (4) a material adverse alteration of Mr. Melillo's authority, duties, or responsibilities; (5) an intentional, material reduction of Mr. Melillo's aggregate target incentive awards under any short-term and/or long term incentive plans; and overall compensation plan resulting in the material reduction of his earning potential; or (6) failure to maintain Mr. Melillo's fringe benefits except to the extent the reduction is applicable globally to executives at his level. Items 4 through 6 only constitute "Good Reason" after a change in control has occurred.

PROPOSAL NO. 2
ADVISORY VOTE ON EXECUTIVE COMPENSATION

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, the Company's stockholders are entitled to vote at the Annual Meeting on whether to provide advisory approval of the compensation of the Company's named executive officers as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the SEC. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall total compensation of our named executive officers and the philosophy, policies and practices described in this Proxy Statement. Pursuant to the Dodd-Frank Act, the stockholder vote on executive compensation is an advisory vote only, and it is not binding on the Company or the Board of Directors.

The Company's executive compensation program is designed to attract and retain superior employees in key positions to enable our Company to succeed in the highly competitive market for talent, while simultaneously maximizing stockholder returns. We intend to provide a competitive compensation package to our executives, tie a significant portion of pay to performance and utilize components that align the interests of our executives with those of our stockholders. The Compensation Committee and the Board of Directors believe that our executive compensation program fulfills these goals and is reasonable, competitive and appropriately aligned with our Company performance and the performance of our executives.

We are asking the Company's stockholders to indicate their support for the advisory approval of the Company's executive compensation as described in this Proxy Statement. Accordingly, we ask that our stockholders vote "FOR" the following resolution:

"RESOLVED, that the Company's stockholders APPROVE, on an advisory basis, the Company's executive compensation as disclosed in the Company's Proxy Statement for the 2014 Annual Meeting of Stockholders, pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the 2014 Summary Compensation Table and the other related tables and narrative disclosure."

While this advisory vote is non-binding, the Company's Board of Directors values the opinions that stockholders express in their votes and will, as a matter of good corporate practice, take into account the outcome of the vote when considering future compensation decisions.

**The Board of Directors Recommends a Vote FOR the Advisory Vote
on Executive Compensation and Proxies That are Returned
will be So Voted Unless Otherwise Instructed.**

**PROPOSAL No. 3 - APPROVAL OF AMENDMENT
TO OUR AMENDED AND RESTATED 2004 STOCK AWARD AND INCENTIVE PLAN
INCREASING SHARES AUTHORIZED BY 1,250,000**

At the Annual Meeting, stockholders will be asked to approve an amendment to the Amended and Restated 2004 Stock Award and Incentive Plan (the "Amended 2004 Stock Incentive Plan") which was approved by the Board of Directors on March 20, 2014, subject to approval of our stockholders, to increase by 1,250,000 shares the number of shares of Common Stock authorized under the 2004 Stock Incentive Plan. The text of the proposed Amendment is attached hereto as Annex A.

An incidental effect of stockholder approval of the amendments to the Amended 2004 Stock Incentive Plan will be to extend the period during which incentive stock options ("ISOs") may be granted under the Amended 2004 Stock Incentive Plan to the tenth anniversary of the date of such stockholder approval.

If the stockholders of the Company do not approve the proposed amendments, then the Amended 2004 Stock Incentive Plan will continue, without modifications, in full force and effect.

Background and Reasons for the Amendments

The Company's original 2004 Stock Award and Incentive Plan was approved by our stockholders at the 2004 annual meeting. The plan's purpose is to attract, retain and motivate executives, other key employees, non-employee directors and providers of substantial services to the Company. Since approval of the Amended 2004 Stock Incentive Plan, equity compensation has historically been a key element of our compensation program, and the ability to grant equity-based compensation has enabled us to attract and retain talented employees. Additionally, equity-based awards have allowed us to link incentive rewards to Company performance, to encourage employee ownership in our stock and to further align the interests of employees with those of our stockholders. Equity based compensation is a common form of compensation in our industry, and without these awards, we would be at a disadvantage against our competitors for recruiting and retaining key talent.

We amended and restated the plan, which the stockholders approved at the 2011 annual meeting, and the amendments adopted then reserved an additional 1,100,000 shares of Common Stock for issuance for such purposes.

The Company believes that it has effectively and efficiently managed the share pool under the Amended 2004 Stock Incentive Plan. With the Company's recent growth in revenues and operations, the Company has been hiring senior executives and other key employees and accordingly, the number of shares available for grant under the Amended 2004 Stock Incentive Plan has been depleted. As of April 16, 2014, the Company had available for grant a total of 426,367 shares which could be issued under the Amended 2004 Stock Incentive Plan. The Company wishes to replenish the amount of shares available for grants to attract and retain executives, other key employees, non-employee directors and providers of substantial services to the Company over the next several years.

The Company has reviewed its request for an increase in the number of shares reserved to the Amended 2004 Stock Incentive Plan against certain guidelines in determining whether to recommend that stockholders approve such requests. The Company believes that its request is in compliance with these guidelines, including the acceptable levels of shareowner value transfer (dilution) and the run rate for usage of shares (commonly known as the "burn rate"). The chart set forth below shows the number of grants of each type of stock award during each fiscal year and the combined burn rate of shares used for

grants to participants under the Amended 2004 Stock Incentive Plan, as of December 31st of each such year:

Types of Shares	2013	2012	2011
Time-vested stock options and SARs granted	396,760	339,571	—
Time-vested restricted stock/RsUs granted	248,473	214,210	331,268
Weighted average basic common shares outstanding	14,718,339	14,584,555	14,439,599
Burn rate	4.38%	3.80%	2.29%

Reasons for Stockholder Approval

Our Board of Directors seeks stockholder approval of the Amended 2004 Stock Incentive Plan in order to satisfy certain requirements, including NASDAQ requirements, which require that stockholder approval be obtained for amendments which increase the number of shares available under the Amended 2004 Stock Incentive Plan. In addition, our Board of Directors regards stockholder approval of the Amended 2004 Stock Incentive Plan as desirable and consistent with corporate governance best practices.

As of April 16, 2014, the equity awards available and outstanding under the Plan, and their respective features, were as follows¹:

SARs and Options Outstanding	1,469,095
Full-Value Awards Outstanding	599,672
Shares Available for Grant	426,367
Weighted Average Exercise Price of Outstanding SARs and Options	\$5.87
Weighted Average Remaining Term of Outstanding SARs and Options	3.94 Years

¹ The figures included in this table reflect all equity plan shares. This table excludes the 1,250,000 shares requested in this proposal.

Summary of the Amended 2004 Stock Incentive Plan

The material features of the Amended 2004 Stock Incentive Plan are described below. This summary does not purport to be a complete description of all of the provisions of the Amended 2004 Stock Incentive Plan, and is qualified in its entirety by reference to the full text of the Amended 2004 Stock Incentive Plan, which was included as Annex A to the Proxy Statement for our 2011 annual meeting, which can be obtained at the SEC's website www.sec.gov.

Purpose of the Amended 2004 Stock Incentive Plan

The Amended 2004 Stock Incentive Plan has enabled us to implement a compensation program with different types of incentives for attracting, retaining and motivating employees, directors and other persons who provide substantial services to the Company. In particular, stock options, restricted stock, SARs and restricted stock units are an important element of compensation for employees and directors, because such awards enable them to acquire or increase their proprietary interest in the Company, thereby

promoting a closer identity of interests between them and our stockholders. Annual incentive awards and other performance-based awards provide rewards for achieving specific performance objectives, such as earnings goals. The ability to grant such awards as compensation under the Amended 2004 Stock Incentive Plan will help us to remain competitive, and provide a stronger incentive for each person granted an award to dedicate his or her maximum efforts for the success of our business. Our Board of Directors and the Compensation Committee therefore view the Amended 2004 Stock Incentive Plan as a key part of our compensation program.

Types of Awards Available Under the Amended 2004 Stock Incentive Plan

The Amended 2004 Stock Incentive Plan authorizes a broad range of awards, including:

- stock options;
- SARs;
- restricted stock, which is a current grant of shares subject to a risk of forfeiture and restrictions on transfer;
- deferred stock, which is a contractual commitment to deliver shares or other awards at a future date, which may also be referred to as “stock units,” “restricted stock units,” “phantom shares” or “performance shares”;
- bonus stock and other awards based on our common stock;
- dividend equivalents, which are rights to receive cash, shares or other awards equal in value to dividends paid with respect to specified number of shares of our stock;
- performance awards, denominated in cash, stock or other awards, tied to the achievement of specific performance objectives; and
- options to purchase shares pursuant to an employee stock purchase program.

Shares Available under the Amended 2004 Stock Incentive Plan

Before 2004, we granted equity incentive awards under our 1998 Stock Option Plan, as amended, and our 2000 Omnibus Incentive Compensation Plan (collectively, the “Preexisting Plans”).

Following the adoption of the Amended 2004 Stock Incentive Plan, no additional awards were issued under the Preexisting Plans. The Amended 2004 Stock Incentive Plan provides that shares underlying an award granted under either of the Preexisting Plans or the Amended 2004 Stock Incentive Plan will become available for new awards under the Amended 2004 Stock Incentive Plan if the award expires or is forfeited.

Only the number of shares actually delivered to participants in connection with an award will be counted against the number of shares reserved under the Amended 2004 Stock Incentive Plan. Thus, shares underlying an award will become available again for new awards if an award expires or is forfeited, if shares are withheld or separately surrendered to pay the exercise price of an option or to satisfy tax withholding obligations relating to an award, if fewer shares are delivered upon exercise of a

SAR than the number to which the SAR related, or if shares that had been issued as restricted stock are forfeited.

As of April 16, 2014, there were 2,068,767 shares subject to outstanding awards under the Company plans, which as described above may become available for grant under the Amended 2004 Stock Incentive Plan if those awards expire or are forfeited. In addition, as of April 16, 2014, there were 426,367 shares of common stock available for issuance in respect of new awards under the Amended 2004 Stock Incentive Plan.

The proposed amendment we are asking you to approve would increase the shares available under the Amended 2004 Stock Incentive Plan by 1,250,000. As of April 16, 2014, this amount of shares represented 8% of the issued and outstanding shares of our common stock.

Shares delivered under the Amended 2004 Stock Incentive Plan may be either authorized and unissued shares or treasury shares. The number of shares reserved under the Amended 2004 Stock Incentive Plan is subject to adjustment in the event of stock splits, stock dividends, and other extraordinary events.

On April 15, 2014 the last reported sale price of our common stock on NASDAQ was \$4.90 per share.

Per-Person Award Limitations

The Amended 2004 Stock Incentive Plan includes limitations on the amount of awards that may be granted to a participant in a given year in order to qualify awards as “performance-based” compensation not subject to the limitation on deductibility under Section 162(m) of the Code. Under this annual per-person limitation, a participant may in any year be granted share-based awards of each type authorized under the Amended 2004 Stock Incentive Plan -- options, SARs, restricted stock, deferred stock, bonus stock or stock in lieu of other compensation obligations, dividend equivalents, and other stock-based awards -- relating to no more than his or her “Annual Limit.” The Annual Limit equals 400,000 shares of each type of share-based award, plus the amount of the participant's unused Annual Limit relating to share-based awards of the same type as of the close of the previous year, subject to adjustment for splits and other extraordinary corporate events.

With respect to incentive awards not valued by reference to Common Stock at the date of grant, the Amended 2004 Stock Incentive Plan limits such performance awards that may be earned by a participant to the participant's defined Annual Limit, which for this purpose equals \$3,500,000 plus the amount of the participant's unused cash Annual Limit as of the close of the previous year. The per person limit on stock-based awards is independent of the limit on cash-denominated performance awards. These limits apply only to awards under the Amended 2004 Stock Incentive Plan, and do not limit our ability to enter into compensation arrangements outside of the Amended 2004 Stock Incentive Plan.

Adjustments to Shares Reserved, Awards and Award Limits

In the event of a large, special and non-recurring dividend or distribution, recapitalization, stock split, stock dividend, reorganization, business combination, or other similar corporate transaction or event affecting the common stock, the Compensation Committee will, in the manner it deems equitable, adjust the number and kind of shares which may be delivered in connection with an award, the number and kind of shares by which annual per-person award limits are measured, any exercise price or share price referenced in the award terms (such as a SAR's grant price) and other terms of the award in order to

preserve without enhancing or diminishing the value of the award. The Compensation Committee is also authorized to adjust performance conditions and other terms of awards in response to these kinds of events or to changes in applicable laws, regulations, or accounting principles.

No Re-pricing

We may not re-price, replace, or re-grant options or SARs granted under the Amended 2004 Stock Incentive Plan without stockholder approval. Specifically, without stockholder approval: (i) no outstanding option or SAR granted under the Amended 2004 Stock Incentive Plan may be amended to provide an exercise price per share that is lower than the then-current exercise price per share of such outstanding option or SAR; (ii) the Board may not cancel any outstanding option or SAR (whether or not granted under the Amended 2004 Stock Incentive Plan) and grant in substitution therefor new awards under the Amended 2004 Stock Incentive Plan covering the same or a different number of shares of stock and having an exercise price per share lower than the then-current exercise price per share of the cancelled option or SAR; and (iii) the Company may not repurchase for cash options or SARs granted under the Amended 2004 Stock Incentive Plan with an exercise price that is more than 100% of the fair market value of a share of stock on the date of repurchase.

Eligibility

Employees of the Company or any subsidiary or affiliate, non-employee directors of the Company, a consultant or any other person who provides substantial services to the Company or a subsidiary or affiliate will be eligible to be granted awards under the Amended 2004 Stock Incentive Plan. A prospective employee may be granted an award, but no value may be realized under it if such person does not become an employee. The Compensation Committee has the authority to select eligible persons to become participants in the Amended 2004 Stock Incentive Plan. As of March 31, 2014, approximately 843 employees, six non-employee directors and an undetermined number of consultants or other persons providing substantial services to the Company, a subsidiary or affiliate are eligible to participate in the Amended 2004 Stock Incentive Plan. However, it is not our practice to issue equity based awards to all eligible persons. Historically, we have limited awards to a select minority of our employees and to our non-employee directors, and have not granted any stock awards to consultants or other persons providing substantial services to the Company. However, in 2009, the Company issued restricted stock units to all of its then employees, and the Compensation Committee has generally granted the CEO the authority to issue stock-based awards up to a certain share or dollar amount each year to employees who are not members of the management team and who have made special contributions to the Company.

Administration

The Amended 2004 Stock Incentive Plan will be administered by the Compensation Committee, except that our Board of Directors may itself act in place of the Compensation Committee to administer the Amended 2004 Stock Incentive Plan and will act in place of the Compensation Committee with respect to grants to non-employee directors. The members of the Compensation Committee must be non-employee directors. Subject to the terms and conditions of the Amended 2004 Stock Incentive Plan, the Compensation Committee is authorized to select participants, grant awards, determine the type and number of awards to be granted and the number of shares to which awards will relate or the amount of an annual or long term incentive award, specify times at which awards will be exercisable or settled, including performance conditions that may be required as a condition thereof, set other terms and conditions of such awards, prescribe forms of award agreements, interpret and specify rules and regulations relating to the Amended 2004 Stock Incentive Plan, and make all other determinations which

may be necessary or advisable for the administration of the Amended 2004 Stock Incentive Plan. It is not the Compensation Committee's practice to permit transfers of Awards for consideration.

Nothing in the Amended 2004 Stock Incentive Plan precludes the Compensation Committee from authorizing payment of other compensation, including bonuses based upon performance, to executive officers and other employees. The Compensation Committee is permitted to delegate authority to our CEO or other officers of the Company, the authority to perform such functions, including the granting of awards, but action pursuant to delegated authority generally will be limited to grants to employees who are below the executive officer level. The Amended 2004 Stock Incentive Plan provides that Compensation Committee members shall not be personally liable, and shall be fully indemnified, in connection with any action, determination, or interpretation taken or made in good faith under the Amended 2004 Stock Incentive Plan.

Stock Options and SARs

The Compensation Committee is authorized to grant stock options, including both ISOs, which can result in potentially favorable tax treatment to the participant, and non-qualified stock options. SARs may also be granted, entitling the participant to receive the excess of the fair market value of a share on the date of exercise over the SAR's designated "grant price." The exercise price of an option and the grant price of a SAR are determined by the Compensation Committee, but generally may not be less than the fair market value of the shares on the date of grant. The maximum term of each option or SAR will be ten years from the date of grant. Subject to this limit, the times at which each option or SAR will be exercisable and provisions requiring forfeiture of unexercised options at or following termination of employment or upon the occurrence of other events generally are fixed by the Compensation Committee. Options may be exercised by payment of the exercise price in cash, shares or other property (which may include through cashless exercise procedures) or by surrender of other outstanding awards having a fair market value equal to the exercise price. Methods of exercise and settlement and other terms of SARs will be determined by the Compensation Committee. SARs may be exercisable for shares or for cash, as determined by the Compensation Committee. The Company has not issued stock options since 2005.

Restricted and Deferred Stock/Restricted Stock Units

The Compensation Committee is authorized to grant restricted stock and deferred stock. Prior to the end of the restricted period, shares granted as restricted stock may not be sold, and will be forfeited in the event of termination of employment in specified circumstances. The Compensation Committee will establish the length of the restricted period for awards of restricted stock. Aside from the risk of forfeiture and non-transferability, an award of restricted stock entitles the participant to the rights of a stockholder of the Company, including the right to vote the shares and to receive dividends, unless otherwise determined by the Compensation Committee.

Deferred stock gives a participant the right to receive shares at the end of a specified deferral period. Deferred stock subject to forfeiture conditions may be denominated as an award of "restricted stock units." The Compensation Committee will establish any vesting requirements for deferred stock/restricted stock units granted for continuing services. One advantage of restricted stock units, as compared to restricted stock, is that the period during which the award is deferred as to settlement can be extended past the date the award becomes non-forfeitable, so the Compensation Committee can require or permit a participant to continue to hold an interest tied to common stock on a tax-deferred basis. Prior to settlement, deferred stock awards, including restricted stock units, carry no voting or dividend rights or

other rights associated with stock ownership, but dividend equivalents will be paid or accrue if authorized by the Compensation Committee.

Other Stock-Based Awards, Stock Bonus Awards, and Awards in Lieu of Other Obligations

The Amended 2004 Stock Incentive Plan authorizes the Compensation Committee to grant awards that are denominated or payable in, valued in whole or in part by reference to, or otherwise based on or related to, common stock. The Compensation Committee will determine the terms and conditions of such awards, including the consideration to be paid to exercise awards in the nature of purchase rights, the periods during which awards will be outstanding, and any forfeiture conditions and restrictions on awards. In addition, the Compensation Committee is authorized to grant shares as a bonus free of restrictions, or to grant shares or other awards in lieu of obligations under other plans or compensatory arrangements, subject to such terms as the Compensation Committee may specify.

Performance-Based Awards

The Compensation Committee may grant performance awards, which may be denominated as a cash amount, number of shares or specified number of other awards. Generally, performance awards require satisfaction of pre-established performance goals, consisting of one or more business criteria and a targeted performance level with respect to such criteria as a condition of awards being granted or becoming exercisable or settleable, or as a condition to accelerating the timing of such events. Performance may be measured over a period of any length specified by the Compensation Committee. If so determined by the Compensation Committee, in order to avoid the limitations on tax deductibility under Section 162(m) of the Code, the business criteria used by the Compensation Committee in establishing performance goals applicable to performance awards to the named executive officers will be selected from among the following:

- revenues;
 - earnings from operations, earnings before or after taxes, earnings before or after interest, depreciation, amortization, incentives, service fees or extraordinary or special items;
- return on assets, return on investment, return on capital or return on equity;
- net revenue or net income per common share (basic or diluted);
- cash flow, free cash flow, cash flow return on investment, or net cash provided by operations;
 - economic value created or added;
 - operating margin or profit margin;
 - stock price or total stockholder return; and
- strategic business criteria, consisting of one or more objectives based on meeting specified market penetration or value added, geographic business expansion goals, cost targets, the acquisition of new clients and/or the retention of existing clients, client satisfaction, employee satisfaction, management of employment practices and employee benefits, supervision of litigation and information technology, goals relating to acquisitions or divestitures of subsidiaries

or affiliates, goals related to entering into or the performance of joint ventures or strategic alliances, and goals related to the development of new services and markets and the financial performance of the Company related to such new services and markets.

The targeted level or levels of performance with respect to such business criteria may be established at such levels and in such terms as the Committee may determine, in its discretion, including in absolute terms, as a goal relative to performance in prior periods, or as a goal compared to the performance of one or more comparable companies or an index covering multiple companies. The Compensation Committee may specify that these performance measures will be determined before payment of bonuses, capital charges, non-recurring or extraordinary income or expense, or other financial and general and administrative expenses for the performance period.

Annual Incentive Awards

One type of performance award that may be granted under the Amended 2004 Stock Incentive Plan is annual incentive awards, settleable in cash, shares or other awards upon achievement of pre-established performance objectives achieved during a specified period of up to one year. The Compensation Committee generally must establish the terms of annual incentive awards, including the applicable performance goals and the corresponding amounts payable (subject to per-person limits), and other terms of settlement, and all other terms of these awards, not later than the earlier of 90 days after the beginning of the performance period or the time that 25% of such performance period has elapsed. As stated above, annual incentive awards granted to named executives are intended to constitute “performance-based compensation” not subject to the limitation on deductibility under Code Section 162(m). In order for such an annual incentive award to be earned, one or more of the performance objectives described in the preceding paragraph will have to be achieved. The Compensation Committee may specify additional requirements for the earning of such awards.

Employee Stock Purchase Program

The Compensation Committee has discretion to make awards under the “employee stock purchase plan” component of the Amended 2004 Stock Incentive Plan (the “ESPP”) and the discretion to determine employees who are eligible to participate in the ESPP. Employees who are not eligible to participate in the ESPP include, but are not limited to, any participant: who would own more than 5% of the voting power or value of our stock immediately after a grant under the ESPP; and who may be granted options under the ESPP that permit the participant to purchase more than \$25,000 of common stock based on the fair market value of such stock at the time the options are granted. The aggregate number of shares of stock that may be subject to options under the ESPP is determined on an annual basis.

Forfeiture of Awards and Award Gains Upon Certain Events

Unless otherwise determined by the Compensation Committee, each award granted under the Amended 2004 Stock Incentive Plan will be subject to forfeiture, as described in this section. The unexercised portion of an option, whether or not vested, and any other award not then settled, will be forfeited and cancelled upon a forfeiture event, as defined in the Amended 2004 Stock Incentive Plan, and the participant will be obligated to repay to the Company the total amount of gain realized by the participant upon exercise or settlement of the award that occurred within the time period specified in the Amended 2004 Stock Incentive Plan. A forfeiture event is defined in the Amended 2004 Stock Incentive Plan as any of the following events, if the event occurs either during the participant’s employment with the Company or during the one-year period following termination of employment: (i) the participant competing with the Company, interfering with the business relationships of the Company or influencing

an employee of the Company to terminate employment with the Company; (ii) the participant's failure to maintain as confidential the confidential or proprietary information of the Company; (iii) the participant making disparaging remarks about the Company or its representatives; (iv) the participant's failure to cooperate with the Company in any suit or proceeding; or (v) termination of the participant's employment for cause, as defined in the Amended 2004 Stock Incentive Plan.

Dividend Equivalents

Dividend equivalents are rights to receive payments or property equal in value to the amount of dividends paid on a specified number of shares of common stock while an award is outstanding. These amounts may be in the form of cash, stock, other awards or other property having a value equal to the dividends paid with respect to a specified number of shares. Historically, the Company has not paid any dividends to its stockholders or granted any dividend equivalents under the Original 2004 Stock Incentive Plan (including, without limitation, any dividend equivalent rights in respect of performance-based awards).

These awards may be granted on a stand-alone basis or in conjunction with another award. Typically, rights to dividend equivalents would be granted in connection with restricted stock units or deferred stock, so that the participant can earn amounts equal to dividends paid on the number of shares covered by the award while the award is outstanding.

Vesting, Forfeitures, and Related Award Terms

The Compensation Committee may, in its discretion, determine the vesting schedule of options and other awards, the circumstances that will result in forfeiture of awards, the post-termination exercise periods of options and similar awards, and the events that will result in acceleration of the ability to exercise and the lapse of restrictions, or the expiration of any deferral period, on any award.

Impact of a Change in Control

Upon a change in control, as defined in the Amended 2004 Stock Incentive Plan, unless otherwise provided by the Compensation Committee in the award agreement, awards will become fully vested and exercisable and restrictions thereon will lapse. In addition, the Compensation Committee may permit a participant who holds an option or SAR the right to elect, during the 60-day period immediately following the change in control, to receive in cash the excess of the change in control price over the exercise price of the option or SAR, in lieu of acquiring shares covered by the option or SAR, for each share covered by such option. The Compensation Committee may also extend to any participant who holds other types of awards denominated in shares the right to elect, during the 60-day period immediately following the change in control, in lieu of receiving shares covered by the award, to receive in cash the change in control price multiplied by the number of shares covered by the award. The change in control price will be determined based on the highest market price during the 60-day period prior to or following the change in control or, if higher, the consideration received by stockholders in the change in control transaction. The Compensation Committee may also specify in any award agreement that performance conditions will be deemed met or exceeded upon a change in control.

Amendment and Termination of the Amended 2004 Stock Incentive Plan

Our Board of Directors may amend, suspend, discontinue, or terminate the Amended 2004 Stock Incentive Plan or the Compensation Committee's authority to grant awards thereunder without stockholder approval, except as required by law or regulation or under the NASDAQ rules. NASDAQ rules require stockholder approval of material modifications to plans such as the Amended 2004 Stock Incentive Plan, including, but not limited to, amendments which increase the number of shares available under such plans. Unless earlier terminated by the Board, the Amended 2004 Stock Incentive Plan will terminate at such time that no shares reserved under the Amended 2004 Stock Incentive Plan remain available and we have no further obligation with respect to any outstanding award.

Federal Income Tax Implications of the Amended 2004 Stock Incentive Plan

We believe that under current law the following Federal income tax consequences generally would arise with respect to awards under the Amended 2004 Stock Incentive Plan. In general, the discussion below relates only to types of awards that we currently grant or have granted in the past.

Stock Options and SARs

The grant of an option or a SAR will create no federal income tax consequences for the participant or the Company. A participant will not have taxable income upon exercising an option which is an ISO, except that alternative minimum tax may apply. Upon exercising an option which is not an ISO, the participant generally must recognize ordinary income equal to the difference between the exercise price and the fair market value of the freely transferable and non-forfeitable shares acquired on the date of exercise. Upon exercising a SAR, the participant must generally recognize ordinary income equal to the difference between the grant price and the cash or the fair market value of the shares received.

Upon a disposition of shares acquired upon exercise of an ISO before the end of the applicable ISO holding periods (two years from the date the option was granted and one year from the date the shares were transferred upon the exercise of the option), the participant must generally recognize ordinary income equal to the lesser of (i) the fair market value of the ISO shares at the date of exercise minus the exercise price or (ii) the amount realized upon the disposition of the ISO shares minus the exercise price.

Otherwise, a participant's sale of shares acquired by exercise of an option generally will result in short-term or long-term capital gain or loss measured by the difference between the sale price and the participant's tax "basis" in such shares. The tax "basis" normally is the exercise price plus any amount he or she recognized as ordinary income in connection with the option's exercise. A participant's sale of shares acquired by exercise of a SAR generally will result in short-term or long-term capital gain or loss measured by the difference between the sale price and the tax "basis" in the shares, which generally is the amount he or she recognized as ordinary income in connection with the SAR's exercise.

We normally can claim a tax deduction equal to the amount recognized as ordinary income by a participant in connection with an option or SAR, but no tax deduction relating to a participant's capital gains. Accordingly, we will not be entitled to any tax deduction with respect to an ISO if the participant holds the shares for the applicable ISO holding periods before selling the shares.

Restricted Stock

A participant will generally not recognize federal taxable income when he or she receives a grant of restricted stock, and the Company will not be entitled to a deduction, until the stock is transferable by the participant or is otherwise no longer subject to a substantial risk of forfeiture. When the stock is either transferable or is no longer subject to a substantial risk of forfeiture, a participant will recognize ordinary income in an amount equal to the fair market value of the shares at that time (less any amounts paid for the shares), and generally, the Company will be entitled to a deduction in the same amount. Any gain or loss recognized by the participant upon a later disposition of the shares will be capital gain or loss. A participant's holding period for purposes of determining whether that capital gain or loss is long-term or short-term will be counted from the date the stock became transferable or ceased to be subject to a substantial risk of forfeiture.

A participant may elect to recognize ordinary income in the year when the share award is granted in an amount equal to the fair market value of the shares subject to the award (less any amounts paid for such shares) at the time of grant, determined without regard to any restrictions. This election is referred to as a Section 83(b) election. In that event, the Company will be entitled to a corresponding deduction in the same year. Any gain or loss recognized by the participant upon a later disposition of the shares will be capital gain or loss. A participant's holding period for purposes of determining whether that capital gain or loss is long-term or short-term will be counted from the date of the original transfer to the participant. The participant may not claim a credit for any tax previously paid on stock that is later forfeited.

Deferred Stock/Restricted Stock Units

If a participant is granted deferred stock or a restricted stock unit, he or she will not be required to recognize any taxable income at the time of grant. Upon distribution of shares or cash in respect of deferred stock or a restricted stock unit, the fair market value of those shares or the amount of that cash will be taxable to the participant as ordinary income and the Company will receive a deduction equal to the income recognized by the participant. The subsequent disposition of shares acquired pursuant to deferred stock or a restricted stock unit will result in capital gain or loss based on the difference between the price received on disposition and the participant's basis in those shares (generally, the market value of the shares at the time of their issuance).

Performance-Based Compensation

As discussed above, compensation that qualifies as "performance-based" compensation is excluded from the \$1 million deductibility cap of Code Section 162(m), and therefore remains fully deductible by the company that pays it.

Under the Amended 2004 Stock Incentive Plan, options and SARs granted with an exercise price or grant price at least equal to 100% of fair market value of the underlying stock at the date of grant, and certain other awards which are conditioned upon achievement of performance goals are intended to qualify as such "performance-based" compensation. A number of requirements must be met in order for particular compensation to so qualify; however, so there can be no assurance that such compensation under the Amended 2004 Stock Incentive Plan will be fully deductible under all circumstances. In addition, other awards under the Amended 2004 Stock Incentive Plan generally will not so qualify, so that compensation paid to certain executives in connection with such awards, to the extent it and other compensation subject to Section 162(m)'s deductibility cap exceed \$1 million in a given year, may not be deductible by us as a result of Section 162(m).

The foregoing provides only a general description of the application of federal income tax laws to certain awards under the Amended 2004 Stock Incentive Plan. This discussion is intended for the information of stockholders considering how to vote at the Annual Meeting and not as tax guidance to participants in the Amended 2004 Stock Incentive Plan, as the consequences may vary with the types of awards made, the identity of the recipients and the method of payment or settlement. Different tax rules may apply, including in the case of variations in transactions that are permitted under the Amended 2004 Stock Incentive Plan (such as payment of the exercise price of an option by surrender of previously acquired shares). This summary does not address the effects of other federal taxes (including possible “golden parachute” excise taxes) or taxes imposed under state, local, or foreign tax laws.

New Plan Benefits

If the Amended 2004 Stock Incentive Plan is approved by stockholders, awards under the Amended 2004 Stock Incentive Plan will be determined by the Compensation Committee in its discretion, and it is, therefore, not possible to predict the awards that will be made to particular officers or directors in the future under the Amended 2004 Stock Incentive Plan. Please refer to the “Compensation Discussion and Analysis” and “Director Compensation” sections for a description of our historical grant practices.

AUDIT COMMITTEE REPORT

The following Report of the Audit Committee shall not be deemed incorporated by reference into any of our filings under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent we specifically incorporate it by reference therein.

The Audit Committee has reviewed and discussed with management and BDO USA, LLP (“BDO”), the independent registered public accounting firm that audited our financial statements for fiscal 2013. The Audit Committee has also discussed with BDO the matters required to be discussed by Public Company Accounting Oversight Board's Audit Standard No. 16 Communication with Audit Committees. The Audit Committee also received the written disclosures and the letter from BDO required by Rule 3526 of the Public Company Accounting Oversight Board (Communications with Audit Committees Concerning Independence), and the Audit Committee discussed with BDO the firm's independence.

Management is responsible for the preparation, presentation and integrity of our financial statements, accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations, including the effectiveness of internal control over financial reporting. BDO was responsible for performing an independent audit of our financial statements and expressing an opinion as to their conformity with generally accepted accounting principles. BDO had full access to the Audit Committee to discuss any matters they deem appropriate.

Based on the reports and discussions described in this report, the Audit Committee recommended to the Board of Directors that our audited financial statements for fiscal 2013 be included in our annual report on Form 10-K for the year ended December 31, 2013 for filing with the SEC.

Audit Committee Matters and Fees Paid to Independent Registered Public Accounting Firm

Under its charter, the Audit Committee must pre-approve all engagements of our independent registered public accounting firm unless an exception to such pre-approval exists under the Exchange Act or the rules of the SEC. Each year, the independent registered public accounting firm's retention to audit our financial statements and permissible non-audit services, including the associated fees, is approved by the Audit Committee. At the beginning of each fiscal year, the Audit Committee evaluates other known potential engagements of the independent registered public accounting firm, in light of the scope of the work proposed to be performed and the proposed fees, and approves or rejects each service, taking into account whether the services are permissible under applicable law and the possible impact of each non-audit service on the independent registered public accounting firm's independence. At subsequent Audit Committee meetings, the Audit Committee receives updates on the services actually provided by the independent registered public accounting firm, and management may present additional services for approval. Typically, these would be services, such as due diligence for an acquisition, that were not known at the beginning of the year. The Audit Committee has delegated to the Chairperson of the Audit Committee the authority to evaluate and approve engagements on behalf of the Audit Committee in the event that a need arises for pre-approval between committee meetings. If the Chairperson so approves

any such engagements, he will report that approval to the full Audit Committee at the next Audit Committee meeting.

BDO, an independent registered public accounting firm, has served as our independent accountants beginning in 2012. Fees for services provided by BDO for the past two completed years ended December 31 were as follows:

PRINCIPAL ACCOUNTANT FEES AND SERVICES				
	2013		2012	
Audit Fees	\$	301,963	\$	317,938
Audit-Related Fees		40,745		15,161
Tax Fees		12,109		—
All Other Fees		—		—
Total Fees	\$	354,817	\$	333,099

Fees for audit services include the audit of our consolidated financial statements. Fees for audit-related services in 2013 and 2012 consist of the audits of our 401(k) plan by BDO.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Nominating Committee has responsibility for reviewing and approving or disapproving all proposed related person transactions, including all transactions required to be disclosed by applicable SEC disclosure rules. When reviewing and evaluating a related person transaction, the Nominating Committee may consider, among other things, any effect a transaction may have upon a director's independence, whether the transaction involves terms and conditions that are no less favorable to us than those that could be obtained in an arm's length transaction with an unrelated third party, the commercial reasonableness of the transaction, the transaction's benefit to the Company and any other matters the Nominating Committee deems appropriate. Our management will notify the Nominating Committee of new proposed related party transactions of which they become aware and any material changes to any previously approved or ratified related party transactions. The Nominating Committee will coordinate with the Audit Committee, which retains responsibility under its charter for the proper disclosure of any such transactions under applicable SEC disclosure rules.

On November 18, 2011, the Company announced the retirement of the former co-chief executive officers of Group DCA, Robert Likoff and Jack Davis, effective as of December 31, 2011. In connection with the retirement of Mr. Likoff and Mr. Davis, the Company entered into a Retirement Agreement and General Release with each of them on November 16, 2011. Pursuant to the terms of these agreements, the Company made payments of \$300,000 to each of Mr. Likoff and Mr. Davis on October 15, 2013.

RISK OVERSIGHT BY THE BOARD OF DIRECTORS

The Board and in particular, the Audit Committee, view enterprise risk management as an integral part of the Company's planning process. The subject of risk management is a recurring agenda item. The Audit Committee receives reports from Chief Compliance Officer (or an outside consultant fulfilling that responsibility), and the Audit Committee in turn calls the Board's attention to items in such reports as it deems appropriate for review by the full Board.

Additionally, the charters of certain of the Board's committees assign oversight responsibility for particular areas of risk. For example, our Audit Committee oversees management of enterprise-wide risks, including those related to accounting, auditing and financial reporting and maintaining effective internal control over financial reporting, and for compliance with the Code of Business Conduct. Our Nominating Committee oversees compliance with listing standards for independent directors, committee assignments and related party transactions and other conflicts of interest. Our Compensation Committee oversees the risk related to our compensation plans, policies and practices. All of these risks are discussed with the entire Board of Directors in the ordinary course of the chairperson's report of committee activities at regular Board meetings.

OTHER MATTERS

The Company knows of no other matters to be acted upon at the Annual Meeting. If any other matters properly come before the meeting, it is the intention of the persons named in the enclosed form of proxy to vote the shares they represent as the Board of Directors may recommend.

ADDITIONAL INFORMATION

Householding

The SEC's rules permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. Some brokers household proxy materials and annual reports, delivering a single proxy statement and annual report to multiple stockholders sharing an address, although each stockholder will receive a separate proxy card. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If at any time you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker. If you would like to receive a separate copy of this year's Proxy Statement or annual report on Form 10-K, please contact us by writing to Patrick Kane, Vice President and Corporate Controller, PDI, Inc., Morris Corporate Center One, 300 Interpace Parkway, Building A, Parsippany, New Jersey 07054, or calling him at 1-862-207-7864.

Stockholder Proposals for the 2015 Annual Meeting

Stockholders interested in presenting a proposal for consideration at the annual meeting of stockholders in 2015 must follow the notice procedures set forth in our Bylaws. To be eligible for inclusion in our proxy materials relating to our 2015 annual meeting of stockholders, all qualified proposals must be received by our Corporate Controller no later than December 31, 2014. Stockholder proposals submitted more than 30 but less than 60 days before the scheduled date of our 2014 annual meeting may be presented at the annual meeting if such proposal complies with our Bylaws, but will not be included in our proxy materials.

A stockholder's notice must set forth, as to each proposed matter: (i) as to each person whom the stockholder proposes to nominate for election to the Board of Directors, all information relating to such person that is required to be disclosed in solicitation of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act and Rule 14a-11 thereunder; (ii) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting and, if such business includes a proposal to amend our Bylaws, the language of the proposed amendment; (iii) the name and address, as they appear on our books, of the stockholder proposing such business; (iv) the number of shares of Company common stock which are beneficially owned by such stockholder; (v) a representation that the stockholder is a holder of record of shares of the Company's common stock entitled to vote at such annual meeting and intends to appear in person or by proxy at the annual meeting to propose such business; and (vi) any financial interest of the stockholder in such proposal or nomination.
