Termination of Evista Agreement

On November 11, 2002, PDI and Eli Lilly and Company mutually agreed to terminate, as of December 31, 2002, the agreement whereby PDI provides sales support for Evista.

Charles T. Saldarini, vice chairman and chief executive officer of PDI, said, "We held the belief that the joint promotional efforts of PDI and Lilly would boost Evista sales sufficiently for us to realize our revenue and profit goals, but that has clearly not occurred. In addition we were unsuccessful in fully leveraging the sales force. We are very pleased to put this agreement behind us and to focus our organization and our investors on our improving outlook and long term business strategy."

Reduction of SG&A and Forward-Looking Guidance

PDI further announced that it has effected a corporate restructuring in response to the ongoing contraction in demand for its sales and marketing services. As a result, PDI will incur an aggregate of \$6.4 million of restructuring charges, non-recurring charges and accelerated depreciation spread between the third and fourth quarters of 2002 and a minimal amount in the second quarter of 2003. These charges consist of headcount reduction and facilities consolidation, including \$3.6 million in severance costs, \$1.7 million in facilities consolidation of accelerated depreciation related to the planned disposals of fixed assets.

Giving effect to its restructuring and cost savings measures, PDI announced the following projected revenue, earnings per share and selected balance sheet information:

(dollars in millions, except	t Quarter ending	Year ending
per share data) D	ecember 31, 2002	December 31, 2003
_		
Revenue	\$65 to \$70 \$	250 to \$260

Cash and cash equivalents	s \$75 to \$80	\$85 to \$90
Working capital	\$90 to \$95	\$100 to \$105

* Excluding restructuring charges

"We have eliminated the uncertainties surrounding the Evista program that have adversely impacted 2002 results, and we are again able to provide visibility on our future financial performance and look forward to rewarding our shareholders with a return to profitability. After giving effect to the fourth quarter charges announced today, we expect to make \$0.08 to \$0.10 per share in the fourth quarter of 2002 and \$0.40 to \$0.45 per share in 2003," stated Saldarini. "We have carefully analyzed our cost infrastructure in light of our evolving business model and have implemented cost saving initiatives that we believe will result in projected SG&A savings in 2003 of approximately \$14 million. We have accomplished this without adversely affecting our business model and growth strategy." He added, "PDI maintains a strong balance sheet which will be a valuable asset in successfully implementing our 2003 business plan".
