## NOTES TO INTERIM FINANCIAL STATEMENTS

(unaudited)

## 1. Basis of Presentation

The accompanying unaudited interim financial statements and related notes should be read in conjunction with the financial statements of Professional Detailing, Inc. and its subsidiaries (the "Company" or "PDI") and related notes as included in the Company's Annual Report on Form 10-K for the year ended December 31, 1999 as filed with the Securities and Exchange Commission. The unaudited interim financial statements of the Company have been prepared in accordance with generally accepted accounting principles for interim financial reporting and the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements. The unaudited interim financial statements include all adjustments (consisting only of normal recurring adjustments) which, in the judgement of management, are necessary for a fair presentation of such financial statements. Operating results for the three and six-month periods ended June 30, 2000 are not necessarily indicative of the results that may be expected for the year ending December 31, 2000. Certain prior period amounts have been reclassified to conform with the current presentation with no effect on financial position, net income or cash flows.

## 2. Secondary Public Offering of Common Stock

On January 26, 2000, a public offering of 2,800,000 shares of the Company's common stock was completed at a public offering price per share of $\$ 28.00$, yielding net proceeds per share after deducting underwriting discounts of $\$ 26.35$ (before deducting expenses of the offering). Of the shares offered, $1,399,312$ shares were sold by the Company and $1,400,688$ shares were sold by certain selling shareholders. In addition, in connection with the exercise of the underwriters' over-allotment option, an additional 420,000 shares were sold to the underwriters on February 1, 2000 on the same terms and conditions ( 210,000 shares were sold by the Company and 210,000 shares were sold by a selling shareholder). Net proceeds to the Company after expenses of the offering were approximately $\$ 41.7$ million.

## 3. Acquisitions

On May 12, 1999, the Company acquired $100 \%$ of the capital stock of TVG, Inc. ("TVG") in a merger transaction. In connection with the transaction, the Company issued $1,256,882$ shares of its common stock in exchange for the outstanding shares of TVG. The acquisition has been accounted for as a pooling of interests and, accordingly, all prior periods presented in the accompanying consolidated financial statements have been restated to include the accounts and operations of TVG. TVG is a provider of marketing research and consulting services as well as professional education and communication services to the pharmaceutical industry.

Net revenue and net income of the separate companies for the three months ended March 31, 1999, the period preceding the acquisition, were as follows:

|  | Revenue, net | Net income |
| :---: | :---: | :---: |
| PDI | \$34,580,979 | \$ 2,696,097 |
| TVG | 5,730,771 | 625,482 |
| Combined | \$40,311,750 | \$ 3,321,579 |

In August 1999, the Company, through its wholly-owned subsidiary, ProtoCall, Inc. ("ProtoCall"), acquired substantially all of the operating assets of ProtoCall, LLC, a leading provider of syndicated contract sales services to the United States pharmaceutical industry. The purchase price was $\$ 4.5$ million (of which $\$ 4.1$ million was paid at closing) plus up to an
additional $\$ 3.0$ million in contingent payments payable during 2000 if ProtoCall achieves defined performance benchmarks. This acquisition was accounted for as a purchase. In connection with this transaction, the Company recorded $\$ 4.3$ million in goodwill (included in other long-term assets) which is being amortized over a period of 10 years.

## 4. Other Investments

In February 2000, the Company signed a three-year agreement with iPhysicianNet Inc. ("iPhysicianNet"). In connection with this agreement, the Company made an investment of $\$ 2.5$ million in preferred stock of iPhysicianNet. Under the agreement PDI was appointed as the exclusive contract sales organization in the United States to be affiliated with the iPhysicianNet network, prospectively allowing PDI to offer e-detailing capabilities to its existing and potential clients. For the three and six months ended June 30, 2000, the Company recorded net losses related to this investment of $\$ 1,555,109$ and $\$ 2,500,000$, respectively, which represented its share of iPhysicianNet's losses for the respective periods.

## 5. Pro Forma Information

Prior to its acquisition in May 1999, TVG was an S corporation and not subject to Federal income tax. During such periods the net income of TVG had been reported by and taxed directly to the pre-acquisition shareholders rather than TVG. Accordingly, for informational purposes, the accompanying statements of operations for the three and six months ended June 30, 1999 include a pro forma adjustment for the income taxes which would have been recorded had TVG been a C corporation for the periods presented based on the tax laws in effect during those periods. The pro forma adjustment for income taxes is based upon the statutory rates in effect for C corporations during the three and six months ended June 30, 1999. The pro forma adjustment for income taxes for the three and six months ended June 30, 1999 also reflects the non-deductibility of certain acquisition related costs.

## 6. New Accounting Pronouncements

The Financial Accounting Standards Board released Statement of Financial Accounting Standards No. 133, "Accounting for Derivative Instruments and Hedging Activities," in June 1998. This statement is effective for all fiscal quarters of all fiscal years beginning after June 15, 2000. This statement addresses the accounting for derivative instruments including certain derivative instruments embedded in other contracts and for hedging activities. The Company does not believe that the adoption of this new statement will have a material effect on the Company's financial statements.

8. Investments

At December 31, 1999, the Company had investments of $\$ 1.7$ million, which were classified as available-for-sale securities and recorded at fair market value. These investments were sold during the quarter ended March 31, 2000. The sale resulted in a gain of $\$ 163,815$, which was recognized in "Other income, net" during the quarter ended March 31, 2000 and six months ended June 30, 2000. As of June 30, 2000, the Company had no investments classified as available-for-sale securities.

## 10. Segment Information

PDI is organized primarily on the basis of its three principal service offerings, which include customized contract sales services, marketing research and consulting services, and professional education and communication services. Marketing research and consulting services and professional education and communication services have been combined to form the "All other" category.

The accounting policies of the segments are the same as those described in the "Nature of Business and Significant Accounting Policies" footnote to the Company's financial statements, which is included in the Company's Annual Report on Form 10-K for the year ended December 31, 1999. Segment data includes a charge allocating all corporate headquarters costs to each of the operating segments. PDI evaluates the performance of its segments and allocates resources to them based on revenue, net. The

## MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

## FORWARD-LOOKING STATEMENTS

Various statements made in this Quarterly Report on Form 10-Q are "forward-looking statements" (within the meaning of the Private Securities Litigation Reform Act of 1995) regarding the plans and objectives of management for future operations. These statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by these forward-looking statements. The forward-looking statements included in this report are based on current expectations that involve numerous risks and uncertainties. Our plans and objectives are based, in part, on assumptions involving judgements about, among other things, future economic, competitive and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond our control. Although we believe that our assumptions underlying the forward-looking statements are reasonable, any of these assumptions could prove inaccurate and, therefore, we cannot assure you that the forward-looking statements included in this report will prove to be accurate. In light of the significant uncertainties inherent in the forward-looking statements included in this report, the inclusion of these statements should not be interpreted by anyone that our objectives and plans will be achieved. Factors that could cause actual results to differ materially from those expressed or implied by forward-looking statements include, but are not limited to, the factors set forth in "Certain Factors That May Affect Future Growth," under Part I, Item 1, of the Company's Annual Report on Form 10-K for the year ended December 31, 1999 as filed with the Securities and Exchange Commission.

## GENERAL

We are a leading and rapidly growing contract sales organization ("CSO") providing product detailing programs and other marketing and promotional services to the United States pharmaceutical industry. Our primary objective is to enhance our leadership position in the growing CSO industry and to become the premier supplier of product detailing programs and other marketing and
promotional services to the pharmaceutical industry and other segments of the healthcare market. We have demonstrated strong internal growth generated by renewing and expanding programs with existing clients and by securing new business from leading pharmaceutical companies.

On May 12, 1999, we acquired $100 \%$ of the capital stock of TVG, Inc. ("TVG") in a merger transaction. In connection with that transaction, we issued $1,256,882$ shares of our common stock in exchange for the outstanding shares of TVG. The acquisition has been accounted for as a pooling of interests and, accordingly, all prior periods presented in the accompanying consolidated financial statements have been restated to include the accounts and operations of TVG. The acquisition of TVG expands the scope of high quality services that we provide to the pharmaceutical industry. TVG has provided services to 18 of the top 20 pharmaceutical companies. Through its Marketing Research and Consulting division, TVG provides brand marketing strategy, product profiling, positioning, and message development services. Projects run across the full range of product lifecycles, with an emphasis on the critical pre-launch planning phase. Through its Education/Communications division, TVG provides a broad spectrum of professional education and communication services, including dinner meetings, symposia, teleconferences and on-site hospital programs.

On August 31, 1999, we acquired, through our wholly-owned subsidiary ProtoCall, Inc. ("ProtoCall"), substantially all of the operating assets of ProtoCall, LLC, a leading provider of syndicated contract sales services to the United States pharmaceutical industry. The purchase price was $\$ 4.5$ million (of which $\$ 4.1$ million was paid at closing) plus up to an additional $\$ 3.0$ million in contingent payments payable during 2000 if ProtoCall achieves defined performance benchmarks. This acquisition was accounted for as a purchase. The acquisition of ProtoCall adds a syndicated sales force option to our
product offerings expanding the scope and flexibility of high quality services that we can provide to our customers. In connection with this transaction, we recorded $\$ 4.3$ million in goodwill, which is being amortized over a period of 10 years.

On January 26, 2000, a public offering of $2,800,000$ shares of our common stock was completed at a public offering price per share of $\$ 28.00$, yielding net proceeds per share after deducting underwriting discounts of $\$ 26.35$ (before deducting expenses of the offering). Of the shares offered, 1,399,312 shares were sold by us and $1,400,688$ shares were sold by certain selling shareholders. In addition, in connection with the exercise of the underwriters' over-allotment option, an additional 420,000 shares were sold to the underwriters on February 1,2000 on the same terms and conditions ( 210,000 shares were sold by us and 210,000 shares were sold by a selling shareholder). Net proceeds to us after expenses of the offering were approximately $\$ 41.7$ million.

In February 2000, we signed a three-year agreement with iPhysicianNet Inc. ("iPhysicianNet"). In connection with this agreement, we made an investment of $\$ 2.5$ million in preferred stock of iPhysicianNet. Under the agreement we were appointed the exclusive CSO in the United States to be affiliated with the iPhysicianNet network, allowing us to offer e-detailing capabilities to iPhysicianNet's and our existing and potential clients. For the three and six months ended June 30, 2000, we recorded net losses related to this investment of $\$ 1,555,109$ and $\$ 2,500,000$, respectively, which represented our share of iPhysicianNet's losses from the respective periods.

Until its acquisition by us on May 12, 1999, TVG was an S corporation. Accordingly, TVG's net income had been reported by and taxed directly to the pre-acquisition stockholders.

## RESULTS OF OPERATIONS

The following table sets forth, for the periods indicated, certain statements of operations data as a percentage of revenue. The trends illustrated in this table may not be indicative of future results.

<TABLE>
<CAPTION>

</TABLE>
11

Quarter Ended June 30, 2000 Compared to Quarter Ended June 30, 1999

Revenue. Revenue for the quarter ended June 30, 2000 was $\$ 75.8$ million, an increase of $84.8 \%$ over revenue of $\$ 41.0$ million for the quarter ended June 30 , 1999. This increase in revenue was generated primarily from the continued renewal and expansion of existing product detailing programs and the expansion of our client base, including several product detailing programs that started during the fourth quarter of 1999 and the first quarter of 2000.

Program expenses. Program expenses for the quarter ended June 30, 2000 were $\$ 58.1$ million, an increase of $89.8 \%$ over program expenses of $\$ 30.6$ million for the quarter ended June 30, 1999. As a percentage of revenue, program expenses increased to $76.7 \%$ in the 2000 period from $74.7 \%$ in the corresponding 1999 period. This increase reflects a greater proportion of larger programs with longer term durations which have slightly lower gross profit margins but afford the opportunity for additional compensation through the achievement of performance incentives.

Compensation expense. Compensation expense for the quarter ended June 30, 2000 was $\$ 6.8$ million, an increase of $57.0 \%$ over compensation expense of $\$ 4.3$ million for the quarter ended June 30, 1999. As a percentage of revenue, compensation expense decreased to $9.0 \%$ in the first quarter of 2000 from $10.5 \%$ in the comparable 1999 period. This decrease as a percentage of revenue is a result of continued operating efficiencies that we have realized through our growth.

Other selling, general and administrative expenses. Other selling, general and administrative expenses for the quarter ended June 30, 2000 were $\$ 3.0$ million, an increase of $50.9 \%$ over other selling, general and administrative expenses of $\$ 2.0$ million for the quarter ended June 30, 1999. As a percentage of revenue, other selling, general and administrative expenses decreased to $3.9 \%$ in the first quarter of 2000 from $4.8 \%$ in the comparable 1999 period. This decrease as a percentage of revenue is a result of continued operating efficiencies that we have realized through our growth.

Operating income. Operating income for the quarter ended June 30, 2000 was $\$ 7.9$ million compared to operating income of $\$ 2.8$ million for the quarter ended June 30, 1999. As a percentage of revenue, operating income increased to $10.4 \%$ for the 2000 period from $6.7 \%$ in the corresponding 1999 period. Excluding acquisition and related expenses of $\$ 1.3$ million, operating income would have been $\$ 4.1$ million or $10.0 \%$ for the three months ended June 30, 1999.

Other income, net. Other income for the quarter ended June 30, 2000 was $\$ 0.3$ million compared to other income of $\$ 0.8$ million, all of which was interest income, for the quarter ended June 30, 1999. Other income for the 2000 period consisted of interest income of $\$ 1.8$ million which was partially offset by our
share in the losses of iPhysicianNet of $\$ 1.5$ million. The increase in interest income was due to the investment of the proceeds of our secondary offering and rising interest rates.

Provision for income taxes. Income taxes of $\$ 3.3$ million for the quarter ended June 30, 2000 and $\$ 1.5$ million for the quarter ended June 30, 1999 consisted of Federal and state corporate income taxes. TVG was an S corporation for Federal income tax purposes until its acquisition by us on May 12, 1999 and therefore incurred no Federal income taxes prior to the acquisition.

Pro forma net income. We were a C corporation for the quarter ended June 30,2000 and therefore there is no pro forma information for that period. Prior to its acquisition by us on May 12, 1999, TVG was an S corporation. Pro forma net income for the quarter ended June 30, 1999 of $\$ 1.6$ million assumes that TVG was taxed for Federal and state corporate income tax purposes as a C corporation during that period.

Six Months Ended June 30, 2000 Compared to Six Months Ended June 30, 1999
Revenue. Revenue for the six months ended June 30, 2000 was $\$ 147.1$ million, an increase of $80.9 \%$ over revenue of $\$ 81.3$ million for the six months ended June 30, 1999. This increase in revenue was generated primarily from the continued renewal and expansion of existing product detailing programs and the expansion of our client base, including several product detailing programs that started during the fourth quarter of 1999 and the first quarter of 2000.

Program expenses. Program expenses for the six months ended June 30, 2000 were $\$ 108.2$ million, an increase of $80.1 \%$ over program expenses of $\$ 60.1$ million for the six months ended June 30, 1999. As a percentage of revenue, program expenses decreased to $73.6 \%$ in the 2000 period from $73.9 \%$ in the corresponding 1999 period. This decrease was caused by the high gross profit realized on our incentive payments and efficiencies associated with the rollout of new programs offset by a greater proportion of larger programs with longer term durations which have slightly lower gross profit margins but afford the opportunity for additional compensation through the achievement of performance incentives.

Compensation expense. Compensation expense for the six months ended June 30,2000 was $\$ 15.2$ million, an increase of $67.8 \%$ over compensation expense of $\$ 9.1$ million for the six months ended June 30, 1999. As a percentage of revenue, compensation expense decreased to $10.3 \%$ in the first half of 2000 from $11.1 \%$ in the comparable 1999 period. This decrease as a percentage of revenue is a result of continued operating efficiencies that we have realized through our growth.

Other selling, general and administrative expenses. Other selling, general and administrative expenses for the six months ended June 30,2000 were $\$ 7.0$ million, an increase of $82.7 \%$ over other selling, general and administrative expenses of $\$ 3.8$ million for the six months ended June 30, 1999. As a percentage of revenue, other selling, general and administrative expenses in the first half of 2000 were consistent with the first half of 1999.

Operating income. Operating income for the six months ended June 30, 2000 was $\$ 16.7$ million compared to operating income of $\$ 7.0$ million for the six months ended June 30, 1999. As a percentage of revenue, operating income increased to $11.3 \%$ for the 2000 period from $8.6 \%$ in the corresponding 1999 period. Excluding acquisition and related expenses of $\$ 1.3$ million, operating income would have been $\$ 8.4$ million, or $10.3 \%$, for the six months ended June 30, 1999.

Other income, net. Other income for the six months ended June 30, 2000 was $\$ 0.9$ million compared to other income of $\$ 1.6$ million, all of which was interest income, for the six months ended June 30, 1999. Other income for the 2000 period consisted of interest income of $\$ 3.4$ million which was partially offset by our share in the losses of iPhysicianNet of $\$ 2.5$ million. The increase in interest income was due to the investment of the proceeds of our secondary offering and rising interest rates.

Provision for income taxes. Income taxes of $\$ 7.2$ million for the six months ended June 30, 2000 and $\$ 3.3$ million for the six months ended June 30, 1999 consisted of Federal and state corporate income taxes. TVG was an S corporation for Federal income tax purposes until its acquisition by us on May

12, 1999 and therefore incurred no Federal income taxes prior to the acquisition.

Pro forma net income. We were a C corporation for the six months ended June 30, 2000 and therefore there is no pro forma information for that period. Prior to its acquisition by us on May 12, 1999, TVG was an S corporation. Pro forma net income for the six months ended June 30, 1999 of $\$ 4.6$ million assumes that TVG was taxed for Federal and state corporate income tax purposes as a C corporation during that period.

## 13

## LIQUIDITY AND CAPITAL RESOURCES

As of June 30, 2000, we had cash and cash equivalents of approximately $\$ 111.8$ million and working capital of $\$ 106.3$ million compared to cash and cash equivalents of approximately $\$ 57.8$ million and working capital of $\$ 53.1$ million at December 31, 1999.

For the six months ended June 30, 2000, net cash provided by operating activities was $\$ 13.0$ million, an increase of $\$ 3.7$ million from cash provided by operating activities of $\$ 9.3$ million for the same period in 1999. The main component of cash provided by operating activities for the six months ended June 30,2000 was net income from operations of $\$ 10.5$ million. The balances in "Other changes in assets and liabilities" may fluctuate depending on a number of factors, including the number and size of programs, contract terms and other timing issues. These fluctuations may vary in size and direction each reporting period.

For the six months ended June 30, 2000, net cash used in investing activities was $\$ 2.7$ million compared to net cash provided by investing activities of $\$ 0.4$ million for the same period in 1999. Net cash used in investing activities for the six months ended June 30, 2000 consisted of $\$ 2.5$ million in connection with the investment in iPhysicianNet and $\$ 1.8$ million in purchases of property and equipment, partially offset by the sale of $\$ 1.6$ million in short-term investments.

For the six months ended June 30, 2000, net cash provided by financing activities of $\$ 43.7$ million consisted primarily of the net proceeds from our secondary offering of $\$ 41.7$ million, the repayment of loan from officer of $\$ 1.4$ million and proceeds from the exercise of stock options of $\$ 0.6$ million.

We believe that our cash and cash equivalents and future cash flows generated from operations will be sufficient to meet our foreseeable operating and capital requirements for the next twelve months. We continue to evaluate and review acquisition candidates in the ordinary course of business.
